ARUN KUMAR S

Enthusiastic Data Analyst/Analytics
(+91) 9080607489 | arunkumars10997@gmail.com | www.linkedin.com/in/arun-kumar-10091997sak17

SUMMARY

Data Analyst/Analytics & Software Engineer with 4 years of experience in Python, SQL & MVC. Expertise in EDA, ETL, Data preprocessing, & Data Visualizations, with a proven track record in optimizing processes & developing efficient S/W solutions.

WORK EXPERIENCE

Software Engineer, Xenovex Technologies Pvt. Ltd., Dec 2022 - Present

- Develop applications using MVC Framework, SQL databases & Power BI Visualizations.
- Implement solutions for vehicle tracking, internet provision, & governmental initiatives
- Adapt systems to meet diverse client needs across various industries

Projects:

RollCall (Vehicle Tracking System) - Developed real-time GPS tracking with route optimization. **Tools:** MVC Framework, Entity Framework, MS SQL Server, Excel, Power BI. **Location:** South Africa.

Kalignar Magalir Urimai Thogai (KMUT) - Financial Income Scheme on implemented for Household Womens, ensuring efficient distribution & transparency. **Tools:** PostgreSQL, Excel, Power BI. **Location:** Chennai.

Professional Program on Data Analytics, 360DigiTMG(Innodatatics) Internship, Apr 2023 - Apr 2024

- Perform ETL, Data preprocessing, EDA using Python & SQL
- Create visualizations with Power BI, Tableau, & Google Looker Studio
- Conduct ETL processes for data management in manufacturing projects

Projects:

Inventory of Steel Rods (Production on Steel Rods) - Reduced steel rod scrap loss by 15% & achieved $1M cost savings. **Tools:** Python, PostgreSQL, EDA, ETL, Data preprocessing, Power BI, Tableau, Excel, Looker Studio. **Location:** Chennai.

Optimizing the Cement Manufacturing Process (Manufacturing on Cement) - Reduced inspection time from 1h to 1M, saving $1M.**Tools:** Python, PostgreSQL, EDA, ETL, Data preprocessing, Power BI, Tableau, Excel, Looker Studio. **Location:** Chennai.

Software Developer, Triwon Technologies Services, Jan 2021 - Nov 2022

- Develop applications for trading & manufacturing using MVC Framework & MS SQL Server
- Design & implement industry-specific solutions
- Contribute to software development projects across various frameworks

Projects:

Zigma (Trading on Computer Accessories) - E-commerce trader specializing in computer accessories, proficient in online sales, inventory management & marketing strategies to boost sales. **Tools:** MVC Framework, MS SQL Server. **Location:** Chennai.

Secokomos (Manufacturing in Automobile Parts) - Manufactured & supplied high-quality vehicle components & systems, collaborating with manufacturers for innovation. **Tools:** MVC Framework, MS SQL Server. **Location:** Chennai.

EDUCATIONAL CREDENTIALS

MBA - Financial Management, University of Madras, Chennai, 2021-2022 (CGPA: 7.029)

Professional Program on Data Analytics Course(Internship) - 360Digitmg(Innodatatics), Chennai, 2023-2024

B.E - Computer Science & Engineering, Veltech Multitech Engineering College, Chennai, 2015-2019 (CGPA: 6.58)

TECHNICAL SKILLS

- **Programming:** Python (Pandas, NumPy, Matplotlib, Seaborn) and Other Libraries
- **Frameworks:** MVC, Entity Framework
- **Databases:** SQL, MongoDB – NoSQL (Basic)
- **Data Analysis:** Exploratory Data Analysis (EDA), Data Cleaning, Data Preprocessing, Extract Transform& Load (ETL)
- **Design & Visualization Tools:** Microsoft Power BI, Tableau, Google Looker Studio, Advanced Excel, HTML, CSS, Bootstrap
- **Cloud Analytics:** AWS, PySpark - Basic
- **Other Tools:** MS Visual Studio, Visual Studio Code, Anaconda(Jupyter Notebook, Spyder), Google Colab, PyCharm, MS Office

TECHNICAL CERTIFICATIONS

- Professional Program on Data Analytics, 360DigiTMG (Innodatatics) (2023-2024)
- Diploma in Data Analytics, State University of New York on Potsdam (June 2024)
- Data Analytics & Visualization Job Simulation, Forage on Accenture (March 2024)
- Data Analysis & Machine Learning using Python, IBM (March 2024)
- Python Fundamentals, Nasscom IT – ITeS SSC (Oct 2023)

TECHNICAL WORKSHOP & INTERN CERTIFICATIONS

- **Be10x:** AI tools, Excel using AI, Power BI - 8 days
- **Skill Nation:** Business Intelligence using Power BI - 2 days
- **Cognifyz Technologies Intern:** Data Analysis Intern, Power BI Intern - 2 Month
- **Novitech:** Data Analytics - 1 Month
