

MOHAMMED TAMKEEN

Automation Test Engineer.

📞 8747952339 @ tamkeenmks456@gmail.com 🔗 www.linkedin.com/in/m-tamkeen-6b060a2a3
Bangalore

Automation tester with 2+ years of experience contributed to the development and implementation of effective automation testing strategies utilizing my skills to deliver a high quality software Product.
Total experience : 3.4 years in Software Test.

PROFESSIONAL SUMMARY.

- Experience in automation testing using **Selenium Web Driver**.
- Expertise on Selenium Web Driver automation tool in **Java platform**.
- Good exposure on preparing automation test scripts for integration and regression tests.
- Proficient in identifying web elements using different types of **locators(Xpaths,id,name etc)** and performing action on them using webdriver methods
- Expertise on fetching and writing data into **Excel Sheet** using **Apache POI** API and also fetching data from Property File.
- Strong in handling **frames, dropdowns** and **pop-ups** using Selenium Web Driver.
- Utilized **TestNG** Annotations and Created **Reports**, Worked on **POM** with Hybrid framework.
- Knowledge on **Framework Development**.
- Knowledge on **Maven, Jenkins, GitHub**.
- Knowledge on fetching data from **Property file**.
- Eager and quick in learning new technologies and tools.
- Good grip on **Eclipse Tool**.
- Good knowledge on Core Java.
- Knowledge on **API Testing, Postman**
- Expertise on Reporting bugs using **Zephyre** Test Management tool.
- Good knowledge on **JIRA** tool for Project Management.
- Collaborated closely with developers and QA team members to identify test automation opportunities and incorporate automated tests into the **CI/CD pipeline** by **Jenkins**
- Utilized **Jenkins** for continuous integration and deployment, ensuring timely execution of automated tests and providing immediate feedback to the development team.
- Participated in **sprint planning, daily stand-ups**, and retrospective meetings to ensure alignment with project goals and prioritize testing activities.
- Designed and implemented **Hybrid automation frameworks**, resulting in a 40% improvement in testing efficiency and a significant reduction in manual effort.
- Designed and implemented scalable and maintainable automation frameworks, such as **Page Object Model (POM)** and **Data-Driven Testing**, resulting in a significant reduction in test script creation time and increased test coverage.
- Expertise in **cross-browser** compatibility testing using tools like Selenium WebDriver to ensure consistent performance and user experience across multiple browsers using **Parameters** Annotation of TestNg.
- Executed manual and automated **test cases** to validate the functionality, usability, and performance of web applications across multiple platforms and devices.
- Utilized **TestNG** for group execution,parallel execution of test cases.
- Expertise in managing huge **test data** by storing data in external resource files.
- Knowledge on **Git** commands.
- Knowledge on **Maven** build management Tool.
- Knowledge on creating jobs In Jenkins to invoke Test scripts.
- Adaptive and flexible in learning new technologies and tools.
- Good grip in Writing test scripts.
- Good knowledge on **configuring TestNg.xml File**.
- Experience in Functional testing, Integration testing, Smoke testing, Sanity and Regression Testing.

TECHNICAL SKILLS

SeleniumWebdriver		Git/Github	CoreJava
SQL	Zephyre	JIRA	Jmeter
Jenkins	POM	EclipseIDE	TestNG
Manual Testing		Maven	Postman(APITesting)

LANGUAGES.

English	Proficient	
Hindi	Proficient	
Kannada	Proficient	
Urdu	Proficient	

PASSIONS

- **Professional Growth:**
Actively seeking opportunities to expand my knowledge, skills, and expertise in automation testing, software development, and emerging technologies.
- **Attention to Details:**
Passionate about meticulously crafting test scripts, analyzing test results, and identifying subtle issues that may impact product quality.
- **Physical Activity:**
Enjoy engaging in a variety of exercises, such as cardio, strength training, flexibility work, and sports and stay active.

EDUCATION

EXPERIENCE

Automation Test Engineer

PentaChrome Technologies Pvt Ltd. 07/2020 Bangalore.
IT services and IT consulting.

Project name	Description
Protech. (Project 1)	Protech is a web based application used by doctors and patients to navigate through various portals, features and there usablilty. In that doctors and nutritionists can give diet plan and easily send the reminders to the patients to take medicine on time and track history of patients and improves communication between doctor and patient.
Roles and Responsibilities	- Involved execute all manual test cases and understood the test cases before starting Automation - Involved in segregating the test cases are automatable or not automatable - Automated basic flow of the application - Identifying Test Scenarios for writing Automation Test Scripts - Execution of Test Scripts and analysing the results - Reviewed test scripts as per the automation scripting standard Involved in parallel & grouping execution of test scripts - Preformed Data Driven Testing & handled Exception Performed Smoke, Regression, Functional Testing - Experience in modifying the existing test scripts - Involved in Automation Defect Tracking - Involved in integrated Hybrid frame work - Involved in Cross Browser Testing - Involved in preparing test execution report and sending to high level management - Involved in interaction with the development team and other team members regarding issues - Participated in Daily Standup meeting (scrum meeting), weekly and monthly meetings.
Carsoft. (Project 2)	Carsoft is a web based application used by employee and customers. In that we can track reviews, can see customer feedbacks and create and update profile of customers details and helps to communicate through messages and with the help of this we can maintain and manage customers data .
Roles and Rspnsibilities	- Involved in analyzing the High level design documents. - Writing a test scenarios and test cases for assigned modules. - Executing all test documents. - Involved in Logging & Tracking the Bug. - Retest the fixes. - Prepare Bug report.

EDUCATION

New Horizon College of Engineering.
Visvesvaraya Technological University
2015 - 2019 CGPA 8.1 / 10
Bangalore.
B.E/B.Tech.

STRENGTHS

- Agile and Adaptive:
Able to quickly respond to market changes, customer feedback, and emerging trends in the technology landscape.
- Continuous Improvement:
Dedicated to continuous improvement, regularly evaluating and refining testing processes, methodologies, and tools to enhance efficiency, effectiveness, and overall product quality.

PERSONAL DETAILS

- Nationality : Indian.
- D.O.B : 26/08/1996.
- Interests : Reading Tech stuff, Riding, Travelling, Fitness.

DECLERATION :

I hereby declare that all the information furnished above is true & correct to the best of my knowledge & belief.
