Project Experience

Project Name: PetOnly

Sep 2022 – Till

Role: QA Engineer

Description:

PetOnly is an e-commerce site for pet foods. Their vision is to become the favorite online pet store, offering competitive rates on premium Pet Accessories & Apparel, Pet Toys and Treats, Pet Grooming Supplies, and Pet Health Care items.

Responsibilities:

- Contributed to the development and implementation of the Automation Framework using Page Objects, Maven, Selenium Web Driver with Java, and Cucumber, ensuring a scale-able and maintainable framework.
- Prepared comprehensive test scenarios, test cases, and test data, considering various functional and non-functional aspects of the ecommerce domain.
- Performed thorough analysis to identify test cases suitable for automation, leveraging the appropriate tools and techniques.
- Developed automation scripts using Selenium Java and Cucumber framework, promoting code re-usability and enhancing test coverage.
- Employed Selenium WebDriver methods and element locators to create robust and reliable test cases, validating the application's behavior.
- Applied parameterization techniques to implement the Hybrid framework, enabling data-driven and modular test execution.
- Conducted Smoke testing and Regression testing using Jenkins, ensuring the stability and reliability of the ecommerce application.
- Leveraged Git for effective source code management, enabling seamless collaboration and version control.
- Utilized JIRA for bug tracking, effectively documenting and communicating issues to the development team for prompt resolution.
- Debugged and fixed script issues promptly, ensuring the smooth execution of automated test cases.
- Actively participated in Agile sprint planning meetings, contributing to sprint goals and ensuring alignment between development and testing efforts.

Project Name: Toys R Us ANZ

Aug 2020 – Sep 2022

Role: Automation Test Engineer

Description:

Toys R Us ANZ Ltd, is an e-commerce direct-to-consumer retailer of toy products. The company distributes toys, dolls, remote controlled toys, play equipment, educational games, outdoor toys, arts and crafts items, collectibles, action figures and sporting equipment.
