

ACHU PETER ABRAHAM

Bengaluru, India | +91 7559031775 | achuabraham95@gmail.com

Professional Summary

Results-driven Resource Management Professional with 3.5 years of experience in workforce planning, capacity management, and strategic staffing. Proven ability to align talent with business needs, optimize resource utilization, and drive efficiency. Skilled in data analysis, forecasting, stakeholder engagement, and process improvement to enhance operational effectiveness. Adept at collaborating with leadership teams to ensure workforce strategies support business objectives. Strong analytical, problem-solving, and decision-making skills.

Professional Experience

Advanced Experience Management Associate | Ernst & Young

Bengaluru | March 2024 – March 2025

- **Workforce Planning & Allocation:** Collaborate with key stakeholders to assess and forecast resource needs, ensuring optimal talent utilization across projects.
- **Data-Driven Decision Making:** Utilize Power BI, Excel, and workforce analytics tools to generate insights on utilization rates, skills availability, and project staffing needs.
- **Stakeholder Management:** Partner with senior leadership, HR, and business teams to develop proactive resource strategies aligned with corporate goals.
- **Process Optimization:** Implement streamlined resource planning methodologies to mitigate bottlenecks and improve workforce agility.
- **Conflict Resolution & Risk Mitigation:** Identify potential staffing conflicts and implement resolution strategies to ensure seamless project execution.

Associate Staffing | Publicis Sapient (Payroll: Quess Corp)

Bengaluru | January 2023 – January 2024

- **End-to-End Resource Management:** Managed the entire staffing lifecycle, including demand forecasting, skill mapping, and workforce allocation.
- **Capacity Planning:** Conducted utilization analysis, headcount planning, and talent forecasting to optimize staffing and hiring strategies.
- **Cross-Functional Collaboration:** Acted as the primary liaison for business teams, talent acquisition, and HR to ensure workforce alignment with evolving project demands.
- **Data Accuracy & Reporting:** Developed dashboards and staffing reports to provide actionable insights for leadership decision-making.
- **Process Automation & Enhancement:** Implemented tools and processes to improve efficiency and reduce manual intervention in staffing operations.

PMO | Resource Management Executive | Mu Sigma Inc

Bengaluru | 2021 – 2023

- Resource Portfolio Management: Oversaw workforce allocation for a portfolio of 700+ employees, ensuring efficient utilization and workforce productivity.
- Strategic Workforce Planning: Developed long-term capacity strategies, aligning resource supply with business demand.
- Leadership Reporting & Insights: Created utilization, financial, and workforce performance reports to drive executive decision-making.
- Process Optimization: Designed and implemented workforce planning frameworks that improved efficiency and transparency in staffing processes.
- Risk & Issue Management: Conducted risk assessments to identify workforce constraints and mitigate project delays.
