DOT NET FULLSTACK DEVELOPER COURSE IN MASHUPSTACK

Aspiring Full Stack Developer currently completing a .NET Full Stack Developer certification course at MashupStack, with only the framework class remaining. Gaining hands-on experience in C#, ASP.NET, and front-end technologies. Eager to apply skills in real-world projects and contribute to a dynamic development team.

SKILLS

- HTML
- CSS
- BOOTSTRAP
- JAVASCRIPT
- SQL SERVER
- C#

PROJECT

As a web developer, I have created several projects to showcase my skills. I built a To-Do List app with a user-friendly interface and local storage, a responsive frontend for an e-commerce site with product displays and a shopping cart, a basic calculator for arithmetic operations, and a frontend for the Connect 4 game, featuring game logic and animations. These projects highlight my ability to create functional and user-friendly web applications.

INTERNSHIP

INTERNPE| Internship Training

Completed a one-month web development internship where I gained hands-on experience in building and maintaining web applications. Collaborated with a team to develop features, troubleshoot issues, and enhance user experience. Improved my skills in HTML, CSS, JavaScript, and responsive design while contributing to real projects in a professional environment
