

ARUNA M

A dynamic Senior Quality Engineer, team spirited and performance-driven Software professional, targeting assignments in Software Testing with an esteemed organization.

Email: aruna.marappa@gmail.com | Phone: +91-9742780025

Professional Profile:

- A skilled professional with **11+ years** of experience in various roles, distinguished by commended performance in Software Testing and Quality Assurance across **Cloud Storage, Security & Platform Integrity, Data Privacy** Domains
- Expertise in **Server, API and Web, Desktop, Cloud** based application testing.
- Highly skilled in leveraging a strong foundation in **Data privacy** and **Data Discovery** to ensure compliance with regulations like **GDPR, CCPA** and **HIPAA**.
- Skilled in Data Discovery techniques, **Data redaction** and **Classification** of sensitive data
- Specialized in testing **Power BI** reports and **Insights** dashboards, with a focus on validating data accuracy, visualization effectiveness, and integration with backend databases
- Proficient in **Microservice** and **REST API** Testing using **ReadyAPI** and **Postman**
- Experience in software testing types like **Functional, Integration, User Acceptance, System, Regression, Load** and **Performance** Testing with focus on enhancing the productivity
- Skilled in creating and maintaining of Test Plans, Test Scenarios, Test cases and Test Scripts
- Experienced in **UNIX, Linux** & Windows Operating Systems with an exposure to **Shell** and VBscript
- Worked on Agile Tools and to enable **CI/CD** flow
- Bug triaging for System Under test and **Root Cause** analysis
- Proficient in Database Testing with expertise in **Database Recovery, cleanup** and **upgrades**
- Developed Automation **Test Suite** using **shell scripts**
- Proficient with container systems like **Docker** and container orchestration: **Kubernetes**
- Worked on different File **Storage** systems and **Recovery**
- Experience in **Platform Integrity**, Trusted Execution Environment and Hardware Root of Trust
- Experienced **Scrum Master**, facilitating Agile ceremonies and removing roadblocks to ensure timely, high-quality product delivery.

Technical Skills:

- ☑ **Testing Tools:** Postman, ReadyAPI, Wireshark
- ☑ **Configuration Management Tool:** Ansible
- ☑ **DevOps Tools:** GitLab, Jenkins
- ☑ **Test Management Tools:** Bugzilla, JIRA, IBM Rational ClearQuest
- ☑ **Database:** SQLite3, MySQL, MS SQL Server, Postgres SQL, Oracle RDBMS, MongoDB, Cassandra
- ☑ **Scripting:** Shell Scripting, VB Scripting,
- ☑ **Operating System:** Windows, RHEL, CentOS
- ☑ **Web Services:** REST and WebSocket
- ☑ **Containerization Tools:** Docker and Kubernetes
- ☑ **Methodologies:** waterfall, Agile
- ☑ **Version Control Tools:** Git, GitHub, Bitbucket
- ☑ **Data Analytics & Visualization Tools:** Power BI, Databricks
- ☑ **Cloud Platforms:** AWS, Microsoft Azure

Key Achievements

- ★ **Subject Matter Expert (SME):** Provided in-depth technical knowledge and guidance of the product, recommending new enhancements and design gaps. Worked closely with cross-functional teams to promote best practices and foster continuous improvements in processes and systems
- ★ **Recognition for Developing Test Suite:** Designed and Automated the Backup, Restore, Sync and Deletion process for Large Files-Split backup

- ★ **Award for reporting Critical Defects:** Accolades for identifying higher number of critical defects
- ★ **Reduced Production Defects:** By applying systematic testing strategies and thorough CII Triage and clearing Backlog, played a key role in achieving reduction in production bugs
- ★ **Enhanced Team Productivity:** Boosted Team Productivity by Training and Mentoring New QA members with improved Onboarding procedures

Employment Details

Organization Name	Designation	Duration
OT Privacy Software Private Limited	Senior Quality Engineer	3 May 2021 to Til Date
Intel Technology India Private Limited	Software Development Engineer in Test	10 Months
IDrive Software (India) Private Limited	Senior Software Test Engineer	4 Years
Trianz Holdings Private Limited	Software Engineer	3 Years 5 months

CAREER PROFILE

OT Privacy Software Private Limited

Product Name: Analytics & Reporting

Tenure: 1 Nov 2023– Til Date

Role: Senior Quality Engineer

- Proficient in testing **Power BI Reports** and **Insights dashboards**, emphasizing data accuracy validation, visualization effectiveness and integration.
- Experience in Insight dashboard **upgrade, provisioning** and multi thread testing.
- Proficient in **Data modelling** and integrating reporting components from multiple data sources
- Validated **Data migration** from **MongoDB** to **Datalake**, ensuring integrity and accuracy while collaborating with teams to resolve discrepancies and optimize performance
- Conducted backend testing in **Databricks** and the **Landing zone** to validate data accuracy and Integrity
- Performed **API testing** across various services, ensuring functionality, performance and integration.
- Successfully led and completed multiple Agile releases and iterations, collaborating closely with cross-functional teams to prioritize and manage the **product backlog**.
- Facilitated scrum events including sprint planning, daily stand up, sprint review & retrospective meetings
- Contributed to product **Enhancements** by identifying **Design** gaps and collaborating with stakeholders to implement new features aligning with user needs and business goals
- Expertise in updating and maintaining user guides and test step documents in **Confluence**

Product Name: Data Discovery

Tenure: 3 May 2021– 30 Oct 2023

Role: Senior Quality Engineer

- Skilled in **Data Governance**, data discovery and Classification of both **Structured** and **Unstructured** data
- Specialist in generating **PII Test Data** for classifiers to identify data across various data sources
- Worked with numerous data sources like **Microsoft SQL Server, Teradata, SAP HANA, Postgres SQL, Snowflake, Mongo DB, Amazon Redshift, Cassandra** etc.
- Worked with various file systems like **Amazon S3, Alibaba Cloud, Azure Files, Box, O365 Onedrive, SMB and SharePoint 2019 OnPrem** etc. to classify the data.
- Worked with various Classifiers, classification profiles such as **GDPR, CCPA, PIPEDA, HIPAA** using **AI** and **ML** and **NER**
- Designed and executed **test cases** in **BDD**. Maintained and enhanced existing Selenium WebDriver automated test cases
- Identifying data subject request (DSR) process through fulfillment process, intake and ID verification, data integration, redaction and secure response
- Performed **debugging** and tracked defect resolutions, conducting root cause analysis to identify and implement effective solutions
- **Mentored interns**, providing guidance through hands-on projects and support to enhance their skills and ensure project success

Intel Technology India Private Limited

Product Name: Intel® Security Libraries –Datacentre Foundational Security

Tenure: 10 Aug 2020 – 30 April 2021

Role: Software Development Engineer in Test

- **Rest API** Testing of all microservices using **ReadyAPI** and **Postman** tools
- **Ansible** deployment of microservices for different **Firmware (BIOS & UEFI)** on multiple platforms
- Verification and Validation of all **Platform integrity, Attestation** and Secure Key transfer flow features
- Validation, build and maintain of Workload in **Docker** containers and **Kubernetes**
- Work across functional and project teams to ensure continuous operation of build and test systems for runtime environment of **CI/CD** system to build and deploy.
- End to End Validation of **Virtualization** use cases
- Documentation of **Quick start Guide** and **Product Guide** Update
- Review of Test Documents, **Merge Requests** for build/deploy of Ansible Playbooks
- **OpenStack** Deployment and validation w.r.t product use case
- Proficient in Intel Software Guard Extensions, Application Integrity, Data Sovereignty, workload confidentiality for virtual machines and Docker containers using Kubernetes

IDrive Software (India) Private Limited

Product Name: IDrive, IBackup, IDriveSync

Tenure: 11 July 2016 – 7 July 2020

Role: Senior Software Test Engineer

- Developed well organized Test Scenarios and Test Case document for functional requirements
- Involved in creating **Test Environment**
- Automation Suite for sanity and **Regression** testing using **shell scripts**.
- Functional testing for **Server, Client** and **Updater (CentOS, ZFS)**. Sanity on new Servers
- Database testing using **SQLite3, Auto Delete & Storage Cleanup**
- Verified Database, **Info Recovery** and **Database** recovery
- **System** testing, **Integration** Testing, **Load** and **performance** testing is conducted on different platforms
- Validation of **configuration files, logs, core dump** and **segmentation fault** on Servers
- **Integrity check** is initiated when hardware crash is observed on production servers
- Expertise in **Backend** Testing and providing relevant solutions to the User tickets.
- Proficient in Bugzilla Defect **Management**, defect creation, modification, tracking and reporting
- At Server end, performed functional testing for **WebSocket** feature for **API** gateway.
- Used **Wireshark** Tool for analysing and testing various functions over the network
- Worked on **Deduplication** of file level and block level
- Skilled in, **Search, Backup, Restore, Delete, Move-to**, Quota & Account Configuration

Trianz Holdings Private Limited

Product Name: Entrust TransactionGuard and Deal Portfolio Management

Tenure: 2 July 2012 – 30 Nov 2015

Role: Software Engineer

- **Configuration** and **Deployment** of Entrust TransactionGuard product on different environments
- Testing of Desktop Application on different platforms
- Defect management in IBM Rational ClearQuest tool
- Perform **UAT**, Web Application, GUI Testing
- Maintain QA Infrastructure, test new features of the Product, Analyze and Define scope of tests

EDUCATION QUALIFICATION

BE in Information Science & Engineering affiliated to VTU, from PESIT South Campus, 2012 passed out.

Declaration:

I declare that the above information is accurate to the best of my knowledge and I take responsibility for its correctness
