

AAKASH VERMA

DATA ANALYST

Jaipur, Rajasthan | aakashav456@gmail.com | www.linkedin.com/in/aakash-verma-a26a891b1 | +91 7424948553

SUMMARY

Data Analyst with 3+ years of experience, skilled in creating 20+ dashboards using Power BI, AWS QuickSight, Looker Studio, and Google Sheets. Improved reporting efficiency by 30% and automated processes, reducing manual work by 40%. Delivered data-driven insights for customer support, sales, marketing, and product teams, boosting user engagement tracking by 25%.

SKILLS

MySQL	Power BI	Business Intelligence (BI) Tools
AWS QuickSight	Microsoft Excel	Data Cleaning and Transformation
Looker Studio	Data Modeling	ETL Processes (Extract, Transform, Load)
Google Sheets	Mixpanel	Data Visualization
Google Apps Script (Automation)	Trend Analysis	Dashboard Development
Statistical Analysis	A/B Testing	Project Management

PROFESSIONAL EXPERIENCE

MyOperator Sept 2021 - Present
Data Analyst

- Conducted data analysis using Looker, Power BI, AWS QuickSight, and Mixpanel, handling large data sets to provide insights for business operations, resulting in a 30% improvement in reporting accuracy.
- Maintained and managed complex datasets in Google Sheets and Excel, optimizing workflows that reduced data processing time by 40%.
- Automated data cleaning and validation processes in Google Apps Script, reducing manual work and enhancing efficiency by 35%.
- Built and maintained real-time dashboards in Power BI and AWS QuickSight for cross-functional teams, leading to a 100% increase in app engagement through better data visibility.
- Developed SQL queries in MySQL to extract key insights from databases, reducing query execution time by 20% while providing accurate data for reporting.
- Collaborated with product teams using Mixpanel for tracking user behavior, which contributed to a 15% reduction in churn rate by identifying user experience issues.
- Generated automated reports in Excel and Google Sheets, improving data reporting speed by 25% for the senior management team.
- Integrated multiple data sources into AWS QuickSight and Google Sheets, enabling more effective tracking of key performance metrics with a 25% reduction in data inconsistencies.
- Developed 10+ dashboards for customer support and sales teams to track user activity and productivity, resulting in a 20% improvement in performance tracking and reporting accuracy.
- Built 5 dashboards for the marketing team, leading to a 15% increase in campaign performance visibility and 10% improved user engagement tracking.
- Utilized Power BI, AWS QuickSight, Looker, and Mixpanel to generate automated reports for stakeholders, reducing manual data handling by 30% and ensuring timely and accurate insights.
- Integrated data from multiple sources into 20+ dashboards, providing a clearer view of user productivity and engagement, leading to a 15% improvement in team efficiency.

- Developed 5+ dashboards in Excel to track performance metrics, increasing reporting efficiency by 20%.
- Managed and analyzed data using Google Sheets, improving data accuracy by 15% for internal reporting.
- Organized data for customer reports, reducing data processing time by 25% with optimized formulas in Google Sheets.
- Created automated data tracking systems in Excel, leading to a 30% reduction in manual data entry errors.
- Collaborated with internal teams to provide data insights through Excel-based dashboards, enhancing decision-making processes by 10%.
- Used advanced functions and formulas in Excel to consolidate data from multiple sources, reducing analysis time by 15%.
- Developed custom formulas and functions in Excel to streamline data analysis, reducing processing time by 30% for key reports.
- Organized and cleaned data for 10+ monthly reports, resulting in a 15% improvement in reporting turnaround time.
- Improved collaboration across departments by centralizing data in Google Sheets, reducing data discrepancies by 10%.

EDUCATION

University of Rajasthan

M.com Honours (ABST)

- Major in Accountancy and Statistics.

2020 - 2022

S.S. Jain Subodh PG College

B.com Honours (ABST)

- Major in Accountancy and Statistics.

2017 - 2020

CERTIFICATE

- Google Data Analyst
- Udemy Power BI
- Udemy MySQL
- Hacker Rank MySQL
- Udemy Looker Studio
