EDUCATION

Bachelor of Technology (CSE) with specialization in AI & ML (2018 - 2022) , Sharda University

CGPA : 8.0/10 (First Division with Hons.)

XII (Senior Secondary), Science (2018) , CBSE Board (Mamta Modern Sr. Sec. School)

CGPA : 8.0/10

X (Secondary) (2016) ,CBSE Board (Mamta Modern Sr. Sec. School)

CGPA : 8.8/10

SKILLS

- **PROGRAMMING LANGUAGES:** C, C++ (QT), JavaScript, Python
- **WEB TECHNOLOGY:** HTML5, CSS3, Bootstrap4, React.js
- **TECH TOOLSET:** VSCode, QT Creator, Jupyter Notebook, Turbo C++, Git , SVN, Cmake, Vim, Wireshark, Oracle VM Box
- **DESIGNING TOOLSET:** Adobe Illustrator, Adobe Spark, Adobe-XD, Figma.
- **OS:** Linux, Windows
- **SOFT SKILLS:** Creativity, Time Management, Teamwork, Emotional Intelligence, Communication skills, Problem Solving.

AREAS OF INTEREST

- Development
- Machine learning & IOT
- UI/UX Designing

EXPERIENCE

Software Developer

Sciometric Technologies India Pvt Ltd., (Nov 2022 – Sept 2024)

Worked on two significant projects for subcompanies of TASI Group:

1. Cincinnati Test Systems -Project CTSNet v310 (Sept 2023 – Sept 2024)

Collaborated with a US team and upgraded CTSNet from v204 to v315, a software application for leak testing device configuration and communication, using Qt (C++) and pipeline tools such as QT Core library, Qmake, Smart SVN, DB Browser. Followed on agile framework.

2. Innometec- Project LTCx03 series (Nov 2022 – Aug 2023)

Assisted the German team with software integration for the LTCx03 series leak testing instruments (Linux-based). Also, developed the Servicetool application using C++, JSON(cjson), Qt Design(Qt quick & Qt widget) for the service team ,in the Scrum framework, with the pipeline tools such as Linux(OS),QT creator, Cmake, Bitbucket(Git) and Jira. Contributed to research on xgettext to implement internationalization for the instrument.

Embedded Software Engineer Internship

PureSoftware, (Jan 2022 – July 2022)

Assisted with 5G networking project which was based on ORAN-standard. Worked with C, C++, XML and YANG files on M-plane, building freeRTOS on ARM & X86 integrated with pipeline tools such as Linux(OS), Wireshark, MobaXterm, Git and Vim.

Web Developer

The DriveSales™, (Jul 2020 – Nov 2020)

Solely developed the UI prototypes for the startup's website using web development skills using HTML, CSS, JS, Node.js, React.js and web designing skills using Figma and Adobe XD singlehandedly. Assisted with a recommendation system using Machine learning, and with AWS hosting services. Gained the opportunity to grow in a team and individual setting.

Chatbot Development Internship

Sharda Healthcare Department, (Jun 2020-Jul 2020)

Created a healthcare chatbot using Dialog flow API to help with predicting diseases based on patient response extended functionality to suggest precaution and medicine according to the predicted illness. Published a research paper on the same.

Software Engineer Virtual Internship

JPMorgan Chase & Co, (May 2020-Jul 2020)

Implemented an alternative way to support visualization and analysis share price data for the traders which alerts them about potential trading opportunities using Python.

ONLINE CERTIFICATIONS

- Microsoft Virtual Intern Program By Microsoft
- AWS Cloud Practitioner Essentials By AWS
- Web development By Udemy
- Qt 6 Core with C++
- Build Web Apps with ReactJS By Open Classrooms
- Machine Learning Onramp By Math Works
- SQL By Progate
- Database fundamentals by Oracle

PROJECTWORK

- **Comfyhouse**

<https://aaz-site.netlify.app/>

Created the e-commerce website(front-end) which contained the necessary functionalities such as adding products to the cart, summing the total amount, removing the products and clearing cart and also rendered the products dynamically.

- **Handwritten Digit Recognizer**

<https://github.com/aaztha/digit-recognizer>

Recognizes digits with the help of SVM. Made using ML (python) modules.

- **Movie Recommendation System**

<https://github.com/aaztha/movie-recommender>

GUI based system recommend movie using python with the help of correlation. Made using ML (python) modules.

- **Flappy Bird Game**

<https://github.com/aaztha/FlappyBird>

Made Flappy bird game using pygame in python.

(Feel free to go through my github for updates and other small projects)

ACHIEVEMENTS

- Published a research paper on **“Revolution Of AI Enabled Health Care Chatbot System For Patient Assistance”**, on Springer Publications. Also got an honour to present it during ICAAAIML-2020: International Conference on Advances and Applications of Artificial Intelligence and Machine Learning. https://link.springer.com/chapter/10.1007/978-981-16-3067-5_18
- Published a research paper on **“Women Assault Detection and Providing Help Using Pitch”**, on AIR-2022. Also got an honour to present it during International Conference on Advancements in Interdisciplinary Research (AIR-2022) <https://link.springer.com/chapter/34.1007/778-867-16-3067-7>

COMPETITIONS

- **Hackathon (2020) at Sharda University**: Participated in 3 day long Hackathon held at Sharda University. Worked on a solar steering engine with a team of 4 members.
- **Hackathon (2020) by Hackerearth**: Participated in a 5 days long (i.e from 23/3/20 to 28/3/20) online competitive programming based hackathon hosted by Hackerearth.
- **Code Innovation series Hackathon(2021) by Github and IncubateIND**: Participated in the hackathon on 8th December 2020 as a team of 4 members, where we worked on cancer disease prediction chatbot which detects all kind of cancers.

EXTRACURRICULAR

Core Team Coordinator

Github Student Club, (Mar 2021 – Mar 2022)

Found the Github community in our university, with the help of our faculty members, where our goal is to fill the gap between what we learn in university and what the job market actually is. Gained various experiences as I have assisted in designing the club's brand, managed the events technically and hosted the event. Also mentored 200 students till now in total in our peer-to-peer programmes.

Volunteer Teacher at Ngo – Kartavya, (Nov 2018 – Oct 2019) Taught underprivileged students. Still a proud member of the community.
