Thrissur, Kerala

EXPERIENCE

Junior Python developer.

Maic Innovations, Thrissur, Kerala.

06/2019 - 08/2020

- Developed and maintained the backend system for web applications using Python and Django, resulting in a 30% improvement in performance and scalability.
- Architected and implemented RESTful APIs that seamlessly integrated front-end and back-end systems, leading to a 50% improvement in overall system performance and enabling a more user-friendly experience.
- Collaborated with cross-functional teams to gather requirements, analyze user needs, and consistently delivered high-quality solutions within tight deadlines.
- Proficient in using Git for version control, ensuring effective code collaboration and precise tracking of over 1,000 code changes.
- Created Django models and gained familiarity with working with SQL, MySQL, and PostgreSQL, as well as other relational database management systems (RDBMS), resulting in a 40% increase in data storage and retrieval efficiency.
- Demonstrated familiarity with front-end technologies, including HTML, CSS, and JavaScript, contributing to a 20% reduction in frontend-backend integration issues.

Python & Django Internship.

Soften Technologies, Kochi,

Kerala 11/2018 - 05/2019

- Proficient in Python with a strong grasp of core concepts, data structures, and relevant libraries.
- Skilled in developing web applications using the Django framework.
- Capable of creating models, views, templates, and effectively handling database interactions.
- Experienced in front-end technologies, including HTML, CSS, and JavaScript.
- Able to seamlessly integrate front-end components into Django projects for a holistic web development approach.
- Familiar with web development frameworks, particularly Django, and the principles that underlie modern web applications.

SUMMARY

Motivated Python Django enthusiast with a strong foundation in Python and Django. After beginning my career as a Junior Python Developer, I honed my skills in software development, contributing to successful projects. Eager to re-enter the software development industry after a temporary hiatus caused by the COVID-19 pandemic, I'm ready to reignite my passion for coding and bring my expertise to new challenges in the software development world. I am confident that my skills, combined with my enthusiasm, will make a meaningful impact on your team and projects.

SKILLS

Python

Django Framework

Django Rest Framework

HTML5 , CSS & Java Script

SQL and MySQL

Git & GitHub

LANGUAGES

English

Malayalam

EDUCATION

Bachelor of Computer Applications (BCA)
2019

Bharathiar University -Chinmaya Institute of Management & Technology.
