Education

VIT Bhopal University
BTech in Computer Science and Engineering
2024 Latest GPA: 9/10

Bhopal, Madhya Pradesh
Aug 2020-Apr 2024

Experience

Valuefy | Full-Stack Developer

Aug 2024 - Present

- Worked on **debugging** and **optimizing** a shared codebase used by multiple banking clients (e.g., **HDFC**, **ICICI**), making the code easily customizable for client-specific needs using configurable flags.
- Enabled feature toggles that allowed banks to activate or deactivate **functionalities** (e.g., login greetings) with a single **flag** change, simplifying maintenance across different **deployments**.
- Developed **filter** APIs for financial data categories like equities, currencies, and market cap using **Node.js**, **Loopback**, **MySQL**, and **Elasticsearch** to enhance data accessibility and improve search efficiency.
- Improved **backend** data handling and frontend interactions to ensure seamless functionality for **banking** clients, focusing on **scalability** and responsiveness within the wealth **management** platform

Blockmatrix IT Solutions | Blockchain Intern

Jun 2022- Nov 2022

- Implemented **bidding** functionality for an **NFT** trading platform, enabling seamless auction-based transactions and enhancing user engagement.
- Developed 80% of the homepage for the **Intencity** project, leveraging **ReactJS** and **TailwindCSS**, with a focus on integrating **blockchain-based** features.
- Contributed to the **cryptocurrency** exchange module for the **Zifipay** mobile application, streamlining blockchain asset trading and improving transaction efficiency.
- Upgraded the admin portal for a hospital appointment booking system, incorporating **ReactJS** and **MaterialUI**, and added a module for blockchain-based hospital onboarding to ensure secure data management.

Projects

MatchMyResume - (A SaaS Product) [Website](#)

Jul2023 – Aug 2023

- Developed and launched **MatchMyResume**, a SaaS product currently in testing with **100+ active users**, designed for seamless resume and job description matching.
- Enables users to upload resumes and paste job descriptions, providing instant **feedback** on missing skills and **AI-driven** improvement suggestions.
- Added a jobs section with filtering options, allowing users to explore job listings and view detailed descriptions for better job targeting
- Created a **resume-building** feature where users can enter their details into form to generate a **ready-to-download**, industry-standard resume.
- Built with a tech stack including **React**, **Node.js**, **MongoDB**, and **AWS** for secure resume storage, along with **Google Auth**, **OTP** verification, and **JWT** for enhanced authentication.

TimeCapsule – Decentralized Time Capsule Application [Website](#)

Jan 2023 – May 2023

- Developed a decentralized **Time Capsule** application using **Ethereum smart contracts**, enabling secure **cryptocurrency inheritance** by transferring funds to a designated beneficiary upon inactivity.
- Implemented a **React** frontend with **ethers.js** to interact with smart contracts, ensuring efficient check-ins.
- Designed **smart contracts** for check-ins and automate fund transfers, **Solidity** for secure and safe operations.
- Optimized user experience by integrating interactive animations with **Tailwind CSS** and **Framer Motion**.

Technical Skills

- **Languages:** Python, JavaScript, C++, Solidity, Rust
- **Technologies:** React.js, Next.js, Tailwind CSS, Node.js, MongoDB, Hardhat, Ethers.js, Web3.js, SQL
- **Concepts:** Smart contract development, Blockchain fundamentals, Decentralized applications (dApps), Token standards (ERC-20, ERC-721), Cryptography basics, REST API, Data Structures and Algorithms

Coding and Achievements

- **500+days** streak and **1100+** solved and **100+** hard problems and **1709** rating and **7k Rank** on [Leetcode](#)
- Developed and launched **my first SaaS** product for resume and job description matching.
- Secured a position in the **TOP 10 in the Ideation stage** of [HBTU, Mega Conclave](#). (Start-up)
- JEE Advanced (2020) - **26091 (AIR) Top 3%**. In India, **95.2 %** in 12th boards, **10/10 Cgpa** in 10th
- Cleared the coding rounds of **Ion** , **Swym** , **Accenture** , **Bajaj Finserv** , **Kivi Capital**, **Air India** .
