ABHISHEK VASHISHTH

PRODUCT SPECIALIST (B2B-SaaS)

EDUCATION

Amity School of Engineering & Technology, Lucknow Campus

July 2005 – June 2009

I have excelled in BTech (ECE) course and got 8.74 CGPA. Played Cricket in the University team, participated in Group Dance in Annual Fests and was an active member of Amity Club of Technology.

WORK EXPERIENCE

Zluri Technologies, Product Specialist

April 2023 – Till Date

Working as a Knowledge bridge between Sales, Pre-Sales, CS, Tech and Product teams. I work with the customers to get the POC done by offering different use cases and converting them into paid accounts.

Keysight Technologies, Product Manager

August 2015 – April 2023

Worked on Nemo 5G RAN Analytics product which is a web-based enterprise level platform to load, process and analyze field data. Responsible for product feature planning, implementation and validation.

Ericsson Global, Sr. RF Engineer

April 2013 – July 2015

Worked as Senior Telecom tech consultant, handled VIP Customer Complaints & High Priority Issues of LTE 4G networks efficiently and shared weekly/monthly network's KPI status to customers (Orange UK and 3 Mobile UK).

Nokia Siemens Networks, RF NPO Engineer

Feb 2010 – Apr 2013

Worked as Telecom tech consultant, achieved & maintained the Radio Network Performance as per the contracted KPIs such as for 2G(GSM) and 3G(UMTS) Networks for T-Mobile UK operator.
