WORK EXPERIENCE

Software Development Engineer 2 Cradlepoint

10/2022 - Present
(Subsidiary of Ericsson)

Software Engineer 2 Juniper Networks

04/2020 - 10/2022
(HPE's AI-Native Networking Platform)

Software Engineer 1 Juniper Networks

01/2019 - 03/2020
(HPE's AI-Native Networking Platform)

PROJECTS

PRIVATE CELLULAR NETWORK (PCN) (10/2022 - Present)

- Enhanced NetCloud Manager with network device management and visualization features resulting in a 30% increase in operational efficiency.
- Technologies Used** : Django, Kubernetes, Kafka, PostgreSQL, DynamoDB, REST API.

ONE-EXPERIENCE (01/2022 - 10/2022)

- Features and data of 5 different applications in one web application.
- Technologies Used** : Django, Snowflake, Alteryx, Tableau, ReactJS, EC2, EKS, Docker.

INFOBLOX (01/2021 - 12/2021)

- Developed a web application for DNS, DHCP & IPAM management, reducing network configuration time by 40%.
- Technologies Used** : Django, Python, Docker, LDAP, HTML, CSS, JS.

AWX (09/2020 - 12/2020)

- Implemented AWX for EC2 Security policies, enabling IP control on Junos.
- Technologies Used** : Docker, AWS, Red Hat Ansible, Protocols, PyEZ.

TIG STACK MONITORING TOOL (06/2020 - 09/2020)

- Created Telegraf, InfluxDB & Grafana tool for monitoring the network devices.
- Technologies Used** : Telegraf, InfluxDB, Grafana, Prometheus.

NETWORK STATE VERIFICATION WEB (01/2019 - 12/2021)

- Developed web portal to verify network state post-maintenance changes.
- Technologies Used** : Django, Python, HTML, CSS, JS, Jsnappy, Junos, MongoDB, Docker.

JUNOS-ANSIBLE (01/2019 - 12/2021)

- Brought automation by developing Ansible playbooks to manage Junos devices.
- Technologies Used** : YAML, Python, Ansible, Jinja.

EDUCATION

Bachelors in Electronics and Communication Engineering Siddaganga Institute of Technology

08/2015 - 06/2019

8.8 CGPA

Higher Secondary Trident Public School, Muzaffarpur

06/2015

85.4%

SKILLS

Django

Python3

Docker

MongoDB

Kafka

Snowflake

ReactJS

Junos

PyEZ

GitLab

AWS

Kubernetes

PostgreSQL

ML

AI

GPT

ACHIEVEMENTS

Promoted from SE1 to SE2 within a year.

Editor in Chief of ICHO, E&C.

Presented technical paper on Brain Gate, attended by 200+ professionals.

Secured podium in Halcyon's fashion show.

Awarded with Pratibha Samman (10th Class).

District topper in National Level Maths. Olympiad.

CERTIFICATES

Machine Learning (ML) by Andrew Ng - Coursera

Juniper Networks Certified Associate - DevOps

Juniper Networks Certified Associate - Junos

Complete Data Science Bootcamp - Udemy

TOOLS

OS: Mac, Junos, Linux

AWX

Infoblox

CI/CD: Gitlab

TIG Stack Monitoring

Zabbix

ETL Tool
