CAREER OBJECTIVE/ SUMMARY

- An enthusiastic and highly diligent SAP Professional with good analytical and communication skills having over 2.5+ years of work experience in multiple SAP modules (**SAP SD|MM|TM**).
- Working as SD functional consultant with one of the reputed **Corbion Project**, handling end to end transactional data flow, analyzing the issues, finding root cause, and providing customized effective solutions. Ready to take responsibilities and looking for challenging opportunities.
- I have and will always work hard to achieve my objectives and continue to improve my skills. I'll try my best to ensure that I can contribute the maximum of my abilities into action and be a small factor for the organization's growth.
- I will always try to give my best for the deliverables and will try to improve my knowledge on a day-to-day basis. I will also ensure to work smarter with a positive attitude and mindset and spread the same in my future days with the organization.
- I keep updating with the learning trainings and try my best in actively participating and initiating new thoughts.
- I utilize my working hours effectively and make sure to deliver my work on time. If needed I do not hesitate to extend my shift to achieve what I have been entitled to.
