EXPERIENCE

[Tata Consultancy Services](#), (R&I) AI Engineer

July 05, 2021 - Present

- Implemented GenAI Project – Development of end to end pipeline to evaluate RAG based Chabot using RAGAs Framework.
- Executed GenAI Project – Custom Copilot using Prompt Flow. Also worked on Ensemble Model to combine multiple ML models and implemented weights optimization using Differential Evolution.
- Proficient in GenAI, NLP, LLM, RAG and ML Algorithms.

[NslHub \(Brane Enterprises Pvt. Ltd.\)](#), Internship BTP

Jan 10, 2021 - July 2, 2021

- Reduced manual testing effort by implementing Automation Testing of APIs.
- Improved code quality and code performance by fixing bugs and warnings recommended by SonarQube.

PROJECTS

Spec to SDTM Target Dataset, NLP

- Built using: Spacy, NER Algorithm, Python, Anaconda
- Extraction of operations and source variables from Programmer Rules and generating SDTM target dataset.

Loan Priority Prediction, Machine Learning

- Built using: Scikit-learn, Numpy, Pandas, Python, Anaconda
- Classification of the Loan Status that will help the client to prioritize the loanee based on some criteria.

Email Subject Entity Extraction, NLP

- Built using: Spacy, NLTK, NER Algorithm, Python, Anaconda
- Extraction of useful entities like Loan id, Loan amount etc. from Email subject and saved it in excel file with around 97% accuracy.

Geospatial Informatory, Web App

- Built using: JavaScript, Map APIs of Google, SQL
- Used Google Map Platform APIs to get the details of a Property location and its value.

SKILLS

Domain: Generative AI, Machine Learning, Deep Learning, NLP, LLM, Azure

Languages: Python, C

Libraries: Langchain, Numpy, Pandas, Scikit-learn, Spacy, Nltk

Tools & Frameworks: Azure OpenAI, AI Search, Prompt Flow, RAGAs, Copilot, Jupyter Notebook, VS code, Postman

Databases: VectorDB, MySQL, PostgreSQL

EDUCATION

IIIT Vadodara, *B. Tech. (CSE)* —

CPI - 8.44/10 2017 - 2021

Yadav Bharti Sr. Sec. School, Bikaner, 12th —

Percentage - 87.40% 2016 - 2017

ACHIEVEMENTS

Star of the Month Award ([Link](#)) - TCS

Recognized as Medhavi student in MCPP programme at Biratnagar, Nepal

PROGRAMMING PROFILES

HackerRank ([aksancheti](#)) — Problem Solving, Algorithms, Python

CodeChef ([aksancheti](#)) — Highest Rating - 1509 (★★)

CERTIFICATIONS

Data Science Course(Udemy) - [Certificate](#)

Problem Solving (Hackerrank) - [Certificate](#)
