Career Objective:

Ajith Kumar M, Engineering professional with 3 years of experience in Software Testing, seeking opportunities in an organization that fosters growth and strong leadership in Manual and Automation Testing. Eager to learn new technologies, with a strong work ethic and commitment to excellence.

Professional Experience:

- 3 years of experience in Software Testing, with expertise in Manual and Automation Testing.
- 1 year of experience in Automation Testing using Selenium and Java.
- Familiar with T24 Banking Domain, focusing on modules like Customer, AA Account, Teller, Lending, Deposit, Payments, Trade Finance, and FT.
- Skilled in SDLC, STLC, Agile methodologies, and various testing techniques.
- Proficient in Selenium WebDriver, TestNG, BDD, Hybrid frameworks, and Java, with strong skills in XPath and CSS selectors.
- Hands-on experience in Test Plan, Test Case Design, Test Case Execution, Bug Tracking, and Reporting using tools like Jira.
- Knowledgeable in Smoke, GUI, Functional, Integration, Regression, and Browser Compatibility Testing.
- Conducted end-to-end testing for T24 modules, ensuring data migration and integrity.
- Basic understanding of API testing using Postman and mobile testing with Appium.
- Collaborated with business analysts to map requirements to test cases and align testing with business goals.
- Generated comprehensive test reports and automated scripts using Selenium and Rapid Test.
- Actively participated in Agile sprints, offering process improvement suggestions.
- Strong problem-solving, communication, and client interaction skills.

Skills:

Manual Testing	Test Case Design, Test Case Execution, Defect Tracking and Reporting
Testing Type	Functional, SIT, Regression, UAT and Automation Testing
Testing Phase	Test Plan, Design, Scripting, Execution, Defect Reporting and Closure
Banking Domain	Core Banking, Islamic Banking, Retail Banking, T24 (Customer, Teller, Trade Finance, Payments, FT, FCM, AA Modules like Account, Deposit, SDB, Lending)
Automation Tools/Frameworks	Selenium WebDriver, TestNG, BDD, Hybrid, Maven, Rapid Test, Jenkins
Test Management	ALM, Jira, Azure Devops
Technical Skills	Core Java, SQL

Awards and Recognitions:

- Recognized for consistently executing over 25 test cases manually.
- Awarded "Star Performer" in Hi-fi Awards (March 2024) for commitment.
- Received Maveric Leadership Award (2024) for dedication.
- Acknowledged for excellence in Automation Testing, enhancing test cycle efficiency.

Certifications and Training Courses:

- Completed "Selenium WebDriver with Java" and "Mobile Application Testing - Appium" courses on Udemy.
- Finished "Software Testing" course at QSpiders, BTM, Bangalore.
- Graduated from the Rookie Training Program (Oct 8 - Nov 20, 2023) with a 90% score.

Educational Qualification:

- **Bachelor of Technology:** Information Technology (2016-2020)
Adhiyamaan College of Engineering (Autonomous), Hosur, Tamil Nadu
CGPA: 7.8
- **HSC:** (2015-2016)
Swathy Matric High Secondary School Hosur, Tamil Nadu
Percentage: 65
- **SSC:** (2013-2014)
Swathy Matric High Secondary School Hosur, Tamil Nadu
Percentage: 86

Project Handled:

Company: TeliBRAHMA Technologies

Duration: Jan 2022 to Aug 2023

Designation: Software Test Engineer

Project Title: LabVIEW

Team Size: 15

Role: Manual and Automation (selenium with java)

Tools: Selenium WebDriver with Hybrid framework, Maven, Jenkins

Testing: Manual and Automation

Client: NI (National Instruments)

Application/Environment: Windows 8, Eclipse IDE, LabVIEW

Description:

LabVIEW Product which is maintained by NI (National Instruments) is used to design a flexible, user-friendly interface for real-time monitoring and control of physical or virtual systems, it is a graphical programming platform for data acquisition and automation.

Responsibilities:

- Analysing and validating business requirements for completeness.
- Creating test scenarios, test cases, and test plans manually.
- Designing and executing tests, ensuring thorough coverage of requirements.
- Developing regression test scripts based on requirements and collaboration with stakeholders.
- Writing automation test scripts and retesting defect fixes for each release.
- Experienced in designing and implementing TestNG framework with Selenium WebDriver.
- Conducting internal peer reviews of test cases.
- Logging defects and tracking their resolution.
- Participating in weekly status meetings with the team and developers to discuss issues and communicate with onsite teams.
- Suggesting process improvements to eliminate recurring errors.

Company: Maveric Systems Private Limited

Duration: Oct 2023 to Present

Designation: Test Engineer

Project Title: TNB

Team Size: 25

Role: Manual and Automation

Tools: Selenium WebDriver, Rapid Test

Test Approach: Manual and Automation

Client: Trusted Novus Bank

Application/Environment: T24, R22

Modules Owned: Customer, Account, Teller, SDB, Deposit, Payment, lending, FT, FCM, Trade Finance

Description:

This project involved implementation and testing of the Temenos T24 core banking system for Trusted Novus Bank to enhance their banking operations and streamline customer services. The system was deployed across various banking modules, including customer, accounts, loans, deposits, payments, trade finance, FCM etc

Responsibilities:

- Created test plans, scenarios, and cases based on business requirements and technical specifications, ensuring full module coverage.
- Conducted end-to-end testing for multiple T24 modules, including CIS, AA Accounts, Loans, Deposits, Payments, and Trade Finance.
- Collaborated with business analysts to align test cases with business requirements.
- Validated data migration between T24 versions to ensure data integrity.
- Directed functional, system integration, regression, and UAT to meet business and performance standards.
- Developed and executed automation scripts using Rapid Test, Selenium, and TestNG for efficient testing cycles.
- Provided test reports with insights to improve system quality and performance.
- Logged and tracked defects using Jira, working closely with developers for timely resolution.
- Led training sessions for new team members, ensuring smooth onboarding and ongoing support.

Personal Details:

- **D.O.B:** 30/10/1998
- **Father's Name:** Muniraj G
- **Nationality:** Indian
- **Gender:** Male
- **Languages:** English, Tamil, Kannada, Telugu

DECLARATION

I hereby declare that all the particulars given above are true to the best of my knowledge and belief.

Place: Hosur

Date:

Yours Sincerely
AJITH KUMAR M
