## EXPERIENCE

---

### • Oracle

Jul 2021 - Nov 2023

*Member Technical Staff*

- Contributed to Oracle's Database Security Team by designing and enhancing the Audit component of the Database kernel, improving security and system reliability.
- Collaborated with cross-functional teams to define, design, and implement new features and critical enhancements, ensuring seamless integration and functionality.
- Delivered clean, efficient, and reusable code, complemented by comprehensive unit tests to ensure high-quality, maintainable software.
- Conducted thorough code reviews to uphold code quality and enforce adherence to industry-standard coding practices.
- Diagnosed and resolved complex production and testing issues, including memory-related bugs, utilizing advanced debugging tools and techniques, significantly enhancing system stability and performance.
- Achieved a 5% reduction in application response time through targeted performance optimizations and strategic code refactoring.
- Improved application efficiency and scalability by refactoring critical code paths and optimizing resource utilization.

## EDUCATION

---

### • National Institute of Technology Karnataka

Jul 2019 - Jun 2021

*Computer Science and Engineering (Information Security)*

### • Kamla Nehru Institute of Technology, Sultanpur

Jul 2014 - Jun 2018

*Computer Science and Engineering*

## SKILLS

---

- **Programming Languages:** C, C++, Java
- **Development Tools:** Git, Visual Studio, GDB
- **Other Skills:** Data Structures & Algorithms, Object Oriented Programming, System Programming, Multithreading, Concurrency, Debugging, Problem Solving

## ACHIEVEMENTS

---

- Ranked 4th globally in Codechef January Long Challenge 2020 (Div 2). [🔗](#)
- Ranked 85th globally in Codechef September Long Challenge 2020 (Div 1). [🔗](#)
- Codechef CCDSAP Foundation certified. [🔗](#)
