Driving Cybersecurity Excellence | Digital Transformation | IT Service Delivery

Technically sophisticated performance-oriented business leader with **25+ years** of expertise in **cybersecurity** and **information technology**. Renowned for driving transformative **security initiatives** that elevate organizational resilience and align **technology strategies** with comprehensive **business goals**. Track record of **managing budgets** exceeding \$30 million and leading **high-performing teams** of 200+ engineers across 6 countries. Adept at crafting innovative **cybersecurity frameworks** and implementing proactive **risk management**, resulting in significant operational improvements. Exceptional at fostering cross-functional collaboration to enhance security posture while ensuring **regulatory compliance**. This unique blend of deep technical knowledge and **strategic vision** consistently delivers impactful **innovations** and operational efficiencies across diverse industries.

ISO 27001 | Information Security Management System | Information Security | Security Product Strategy | Cyber Defense | Strategic Program Management | Data Security | Network Security | Security Audits | Vulnerability Management | Threat Intelligence | Cloud Security | Security Architecture | Security Operations Center (SOC) | Business Continuity Management | Disaster Recovery | Security Policies | Governance, Risk, and Compliance | Digital Transformation | IT service Delivery | Application Support

## STRATEGIC LEADER: DRIVING CYBERSECURITY EXCELLENCE & PEOPLE-CENTRIC MANAGEMENT

### ADVISORY & CONSULTING

- **Award-Winning Leadership:** Recognized as one of the Top 50 Leaders (2024), Chief Security Officer of the Year (2022), Cyber Chanakya (2024) and CXO Tech Champion (2022), demonstrating a commitment to strategic cybersecurity leadership and transformative organizational change.
- **Strategic Security Initiation:** Advised AXA leadership on large-scale security transformations, integrating cyber defense and automation tools, leading Cyber Defense operations, and achieving 100% success in KPIs
- **Security Governance & Compliance:** Consulted on designing and enforcing an unified security governance model, strengthening AXA's security posture, and ensuring compliance with ISO 27001, GDPR, SOC 2, and PCI DSS.

### CERTIFICATION

CISM (Certified Information Security Manager); ISO 27001 Lead Auditor  
CCSK (Certificate of Cloud Security Knowledge); COBIT 5; PMP, Agile Scrum Master (EXIN)

### SECURITY ARCHITECTURE & CYBER THREAT MANAGEMENT

- **Security Process Automation & Optimization:** Led security automation, optimizing threat detection and incident response. Reduced response time by 40% and freed up 30% of team resources for strategic tasks, enhancing efficiency and reducing manual workload.
- **Secured Application Lifecycle & Vulnerability Management:** Championed DevSecOps integration, embedding SAST and DAST into the SSDLC. Led vulnerability assessments and penetration testing (VAPT), driving proactive risk mitigation and enhancing security resilience.
- **Cloud Security & Risk Management:** Optimized AXA's cloud security strategy, implementing vulnerability management processes and ensuring GDPR compliance; protected sensitive data across global operations.
- **ITSM & Security Integration:** Led the offshoring of ITSM and security tool services to Tesco HSC, optimizing service delivery and integrating ITIL processes to enhance security efficiency across global technical teams.
- **Specialized in:** Expertise in IAM (Identity and Access Management), Data Loss Prevention (DLP), Security Incident Management, and overall enterprise cybersecurity frameworks.

### PEOPLE-FOCUSED LEADER & EMPLOYEE GROWTH

- **Team Development and Retention:** Achieved zero attrition (2022-2023) through strategic leadership, skill alignment to support career growth ensuring sustained team performance in a competitive talent market.
- **Policy Development:** Implemented cybersecurity policies supporting business continuity and disaster recovery (BCDR), ensuring operational resilience during high-stakes events like COVID-19.
- **Talent Development:** Nurtured high-performing team by providing seamless mentoring, strategic direction, and empowering members to take on leadership roles, contributing to results-driven workforce.
- **People Optimization:** Drove talent optimization initiatives, reducing operational costs while increasing employee satisfaction and engagement across multiple geographies.

## WORK EXPERIENCE

|                                                                                  |                           |
|----------------------------------------------------------------------------------|---------------------------|
| <b>AXA Technology Shared Services / AXA Global Business Services – Bangalore</b> | <b>Feb 2015 Onwards</b>   |
| <b>Chief Security Officer</b>                                                    | <b>Mar 2021 – Present</b> |

*Strategized and executed AXA's security strategy, covering **Information Security, Operational Resilience, Physical Security, and Health & Safety**, with accountability for **policy creation, risk management, and program oversight***

- **Led Security Transformation Programs:** Directed **Quartile 1** and **One Security Strategy** programs,
- **Comprehensive Security Initiatives:** Executed 2 key initiatives under budget, utilizing **security automation and incident response tools**, achieving a high security maturity score.
- **Security Standardization:** Transformed security practices, establishing **Cyber Security Framework** and **SOC 2** compliance across AXA Global Business Services.
- **Crisis Management & Continuity:** Led **Crisis Management**, ensuring **Business Continuity** and **Disaster Recovery** during COVID-19 with zero attrition and minimal service disruption.
- **ISO Maturity Advancement:** Increased **ISO 27001** maturity, reduced costs by 20% through **Cloud Security** optimization, and **MSSP** management.

|                                    |                            |
|------------------------------------|----------------------------|
| <b>Senior Manager, IT Security</b> | <b>Mar 2018 – Feb 2021</b> |
|------------------------------------|----------------------------|

*Managed **SOC, IAM, DLP, vulnerability assessments**, and **risk management**, driving **automation and continuous risk reduction***

- **Enhanced Incident Response:** Reduced response time through implementation of **SIEM & EDR solutions**.
- **Productivity Optimization:** Increased team productivity by 25% through process automation and streamlined security operations for faster response times.
- **Improved Threat Resilience:** Optimized threat resilience with **Threat & Vulnerability Management (TVM)** and **Advanced Persistent Threat (APT)** defense strategies.

|                                                                         |                            |
|-------------------------------------------------------------------------|----------------------------|
| <b>Senior Manager, Project Portfolio Management (IT &amp; Security)</b> | <b>Feb 2015 – Jan 2018</b> |
|-------------------------------------------------------------------------|----------------------------|

*Led project portfolio management for IT & security, ensuring alignment with **business objectives and security standards**.*

- **Cloud Security & Vulnerability Management:** Led Cloud Security, Vulnerability Management, and Data Security initiatives, ensuring compliance with industry standards
- **Project Delivery:** Delivered complex IT & Cyber Security projects on-time using **Agile** methodology and **ITIL** best practices.

|                                                                                                  |                            |
|--------------------------------------------------------------------------------------------------|----------------------------|
| <b>Future Group   Head of Zonal &amp; National Service Delivery, Head of Application Support</b> | <b>Jan 2008 – Feb 2015</b> |
|--------------------------------------------------------------------------------------------------|----------------------------|

*Led **Pan India IT service delivery** overseeing 35+ business-critical applications with a focus on IT and security*

- **SLA & KPI Compliance:** Increased SLA and KPI compliance by 60% through IT Service Management (ITSM) security tools, technologies, and automation, driving process optimization and security effectiveness.
- **Cost Reduction & Security Optimization:** Reduced operational costs by 25% through large scale automation of tasks
- **Secured Application Lifecycle:** Implementing secured software life cycle process into the SDLC, ensuring security standard throughout software development lifecycle.

|                                                |                            |
|------------------------------------------------|----------------------------|
| <b>Tesco HSC – Bangalore   Project Manager</b> | <b>Jan 2005 – Jan 2008</b> |
|------------------------------------------------|----------------------------|

*Directed cross-border IT & security projects across **UK, Turkey, China, Japan, Thailand, and India**, delivering **service transitions and security solutions**.*

- **Cost Savings through Automation:** Achieved 20% cost savings through CA Unicenter tool automation, streamlining processes and enhancing operational efficiency.
- **Global Security Governance:** Established **Security Governance**, using **GRC** and **ITIL** frameworks for alignment with **global security policies**.

|                                                        |                            |
|--------------------------------------------------------|----------------------------|
| <b>Early Career: Experience with Leading Companies</b> | <b>Jul 1998 – Jan 2005</b> |
|--------------------------------------------------------|----------------------------|

**Bhilwara Infotech (For HP India Ltd.) | RT Outsourcing Pvt. Ltd. & Ma Foi Consultants (HP India & COMPAQ India) | Talisma Corp | Disha Infotech**

## ▀ EDUCATION & CONTINUED LEARNING

- **MBA** from Sikkim Manipal University | **B.Com.** from Bangalore University
- **Certificate In Data Science** - John Hopkins | **Spectrum Product** in LONDON

## ▀ COMMUNITY ENGAGEMENT

- **Gartner Ambassador** and contributed as an **ISACA Volunteer**, demonstrating an ongoing commitment to industry knowledge sharing and best practices in IT security.
