SUMMARY

Software Engineer with 4 years of progressive experience as a Java Backend Developer with a robust background in Java, Spring Boot & SQL across both development and delivery. Proficient in agile methodologies, API development and code reviews. Demonstrated success in technical issue resolution, application development, deployment and maintenance along with effective client communication. Eager to leverage expertise in software development and a deep understanding of the technology domain.

TECHNICAL SKILLS

LANGUAGES: Java, Hibernate, Spring, Spring boot, HTML, CSS, Microservices, Unix/Linux

DATABASES: MySQL, PostgreSQL, Oracle

CONCEPTS: Data Structures, Agile Methodology, Scrum, OOPs, SOLID Design Principles, Unit Testing, Debugging

API, DEVOPS and TOOLS: REST API, Postman, SoapUI, GIT, CI/CD, Jenkins, TeamCity, Apache Kafka, Redis, Amazon SQS, RabbitMQ, Maven, JUnit, Eclipse, IntelliJ, Oracle WebLogic, Jira

EXPERIENCE

Wissen Technology

Dec. 2022 – Present

Software Engineer

Bengaluru, India

- Efficiently deployed and integrated software, engineered by team and updated integration/deployment scripts to improve continuous integration practices
- Demonstrated expertise in API development, contributing to project success.
- Designing and developing back-end components of web application.
- Streamlined integration and deployment processes, resulting in a 20% reduction in deployment time and a 15% increase in overall software release frequency.

Larsen & Toubro Infotech (LTIMindtree)

Oct 2020 – Dec 2022

Senior Consultant

Pune, India

- Experience of Software Development Life Cycle SDLC: Analysis, Design, Development, Testing and Deployment.
- Utilized object-oriented programming and Java for creating business logic.
- Developed application by applying experience in Core Java and SQL.
- Analyzed code defects and incident solving.
- Consistently surpassed project delivery targets by an average of 15%, ensuring timely completion and exceeding client expectations.

PROJECTS

OKQ8, Denmark and Sweden

- Designed and developed software application and successful implementation of new functionality. Hands on experience with Eclipse IDE, Jenkins & SOAPUI & experience of solving incidents, service & change requests.

Trafigura, UK

- Proficiently managing builds, deployments and ensuring smooth project deliveries. Hands on experience with IntelliJ IDE and TeamCity CI/CD tool and gained experience of creating and executing effective test cases.

Interview Ninja, Internal

- Designing and developing back-end components of web application. Provide data solutions, build codes and API along with messaging queues. Debugging the software and testing application.

EDUCATION

Maharashtra Institute of Technology (MIT) College of Engineering

Pune, India

CGPA: 9.06

2016 - 2020

CERTIFICATIONS

AWS Cloud Practitioner

Apache Kafka training

Docker training
