Software Engineer, with professional experience in development and maintenance of applications. Skilled in RESTful API development and integration, ensuring seamless communication between front-end and back-end systems. Committed to delivering high-quality, clean, and well-documented code while adhering to best practices in software development.

Experience

● Just Dial Ltd. ,Bengaluru

Apr 2022 – Present

(Software Engineer)

- Refined and improved the existing Restful API, optimized codes, resulting in faster data fetching reducing the wait time
- Enhanced website functionality by implementing PHP-based solutions and optimizing server-side code.
- For fast fetching and reducing latency time used Elastic queries.
- Implemented caching strategies to reduce server load and improve website performance under heavy traffic conditions.
- Effectively analyzed requirements and used systematic approaches to implement and develop solutions
- Involved in maintaining the RFQ module using ReactJs.
- Maintained version control using Git, and related workflows (branching and merging) ensuring smooth collaboration across development team members.
- Integrated third-party APIs for data synchronization and authentication purposes.

● ABNScripts Technologies , Pune

Jan 2020 – Jun 2020

(Software Intern)

- Interned in Full Stack using Nodejs and Angular with Express and MYSQL.
- Helped in building dashboards to give a visual impact of the mobile applications using Bootstrap, HTML, CSS, Javascript, Mysql.
- Learned new technologies which later implemented in different applications.

Project Description

BestMncJobs : This project Connects candidates and recruiters where the source of resources are the recruiters. Applicants can browse through the vacancy details that are posted and can apply for the job online. Recruiters can search through the posted resumes and can select suitable candidates for the company.

Role: Full Stack

Tech Stack: Javascript, NodeJS, MYSQL.

Skills

Web Technologies	:	React.js, HTML, CSS
Languages	:	Php, Python, JavaScript,NodeJs
Tools & DBs	:	GIT, MySQL, Postman
API Development RESTful	:	APIs, JSON,Elastic Search, Redis

Education

● MCA

2020

Teerthankar Mahaveer University,Moradabad

● BSC (Computer Science)

2017

RDVV, Jabalpur
