## Summary

---

Computer Science graduate with a strong foundation in web development technologies such as Java, JavaScript, HTML, CSS, and MySQL. Experienced in building efficient, user-friendly web applications and managing back-end databases. Continuously refining my full-stack development skills, I am eager to apply my knowledge in a collaborative environment where I can contribute to impactful projects and tackle technical challenges with innovative solutions.

## Skills

---

- Programming Languages: Java, Python
- Web Technologies: JavaScript, HTML, CSS, React.js
- Databases: MYSQL
- Tools & Technologies: Git & GitHub, VS Code
- Soft Skills: Communication, Problem-Solving, Team Leadership

## Projects

---

### Event Booking System – DBMS PROJECT:

- This Event Booking System is a streamlined and user-friendly Web application that simplifies event planning by enabling users to easily book venues and manage event details. I have built this application using DBMS fundamentals as a part of my academic's requirements.

### VTU SGPA CGPA CALCULATOR - PYTHON PROJECT :

- This project provides a user-friendly application for calculating cumulative and semester grade point averages, making it a valuable tool for students and educators . I have built this application using python as a part of my academic's requirements.

### VOICE-BASED CROP PRICE INQUIRY USING NLP:

- Currently engaged in developing a Voice-Based Crop Price Inquiry system utilizing Natural Language Processing(NLP).The project aims to empower farmers by enabling them to inquiry about crop prices in real-time through voice commands, accommodating diverse dialects and accents.

## Internship Experience

---

### Full stack Development Intern - KodNest.

**AUG 2023-SEP 2023**

- Full Stack Web Development involves creating both web application's front-end and back-end components.
- Development of responsive web interfaces using HTML, CSS, and JavaScript, implementation of dynamic functionalities with React.js handling of server-side operations, and database management with SQL.
