PROFESSIONAL SUMMARY

With over 2+ years of experience in the IT industry, I specialize in Software Testing, particularly in Manual Testing for web and app-based applications. I deeply understand the Software Testing Life Cycle (STLC) and Software Development Life Cycle (SDLC). My expertise includes working knowledge of testing terminologies, verification, validation, and various testing levels. I have hands-on experience in Functional Testing Types such as System, Integration, Retesting, Sanity, Regression, Smoke, and New Feature testing. Additionally, I am familiar with creating Test Plans and executing them effectively. I possess strong leadership and strategic thinking skills.

I am Honored with 'Bravo' award from Tech Mahindra for Customer First Approach

EXPERIENCE
