SUMMARY

Dedicated and committed professional seeking to leverage my skills and enthusiasm to contribute productively to an esteemed organization's success. B. Tech graduate with strong knowledge of software development concepts, SDLC, and STLC. Proficient in OOPs concepts and experienced in various development lifecycle models (Waterfall, Spiral, V-Shape, Iterative, Prototype, and Agile). Skilled in programming languages like HTML, CSS, JAVA, C#, PHP, Python, ASP.net, Bootstrap. Familiar with databases such as MySQL and MSSQL. Worked with IDEs like NetBeans, Visual Studio, PyCharm, Anaconda. Basic understanding of ISO, Six Sigma, CMMI process models. Experienced in functional and non-functional testing and proficient in test case preparation and bug reporting using Jira. Knowledge of defect tracking tools such as J-meter, Selenium WebDriver with Java.

TECHNICAL SKILLS

- Java
- C#
- PHP
- HTML
- CSS
- Python
- Visual Studio Code
- Eclipse
- Selenium
- TestNG
- Maven
- Vega
- ASP.NET
- Django
- MYSQL
- MS SQL
- NetBeans
- Visual Studio
- J Meter
- SoapUI
- Postman
- JIRA
- Testing scripts
- QA

EXPERIENCE

UI Automation Tester, GNX Digital Solutions, 01/2024 – Current

Trivandrum, India

1. Test UI components, layouts, and visual elements for consistency and accuracy.
2. Verify cross-browser and cross-platform compatibility.
3. Conduct usability testing, identifying navigation and interaction issues.
4. Collaborate with developers to reproduce and resolve UI-related defects.
5. Create and maintain test cases, test scripts, and test reports.
6. Participate in agile testing, including sprint planning and retrospectives.
7. Work closely with designers to ensure design specifications are met.
8. Stay up-to-date with industry trends, best practices, and emerging technologies.

Skills Used: -

- UI testing methodologies
 - Manual testing
 - Test case development
 - Defect tracking and reporting
 - Selenium using python
 - Agile testing principles

 - Selenium tool is used for automation testing, and the documents are uploaded in the GitHub repository.
-

ACADEMIC PROFILE

Software Development Engineer in Test (SDET)- AY Tech Software Training Institute, Elanthoor, Pathanamthitta, Kerala

Certified Specialist in Automated Software Testing- ICT Academy of Kerala

Civil Engineering – College of Engineering Pathanapuram, Kollam, Kerala

Higher Secondary Education- Sabarigiri Residential School, Anchal, Kollam, Kerala

High School- St John's Central School, Anchal, Kollam, Kerala

WEBSITES, PORTFOLIOS, PROFILES www.linkedin.com/in/athira-g-m-a28548168

CERTIFICATIONS

- Software Testing Foundations: Test Planning
 - Software Testing Foundations: Testing throughout the SDLC
 - JMeter: Performance and Load Testing
-

HOBBIES AND INTERESTS

- Reading
 - Music
-

PROJECTS

Automation testing of My Sutra Life website using selenium with JAVA

- My sutra life, A social networking website where the user can communicate and share their memories etc.

- Prepared Test plan, Test Scenario, Test cases, Test Design, Defect Report etc.
- Done the Regression and Confirmation testing.
- Automation testing was done using Selenium with Java.

ASC Business Web and Mobile Application

- The main objective of the project is to design an E-commerce website that allows both Sales and Services.
- The Website consist of Customer module, Admin Module, Technician module and Dealer module.
- Worked in preparing SRS document, Wireframe Model, Data Flow diagrams and Agile Model.
- Initiated Daily Meeting with the Team Members and conducted Proper Planning to implement the Project.
- Prepared Well Detailed Data Flow Diagram.
- Developed Main Modules and Data Base Design.
- Unit Testing, Code Review and Deployment.
- Helped Team Mates in Coding.
- Team Handling and collaborating with Developing Team and Testing Team.
- Helped in Test Case and Test Plan Preparation.
- Testing and Bug Reporting.

Qualitative Evaluation of Kallada River Water using GIS Technology

- The Project undergoes the testing of River water from various places and checking the Physical and Chemical properties.
- Represented the data using GIS Technology.
