About

- I have completed Bachelor of Technology in Computer Science and Engineering from the Central Institute of Technology Kokrajhar, with a strong focus on web development and software engineering. My technical expertise spans multiple programming languages and frameworks, including Python, C, C++, Core Java, HTML, CSS, JavaScript, Angular, and SQL. With six months of practical experience as a software developer, I have worked on frontend development projects, contributing to both frontend processes while adhering to industry best practices.

Experience

Teligenz Tech Solutions Private Limited

July 2023 – January 2024

Software Developer

Jaipur, Rajasthan

- Project:** I contributed to the development of the Angular Framework-based project 'Protradelite' focusing on the frontend aspect of the trading application 'Hypertrade'. My responsibilities included addressing bugs, introducing new features, and modifying existing functionalities in accordance with client specifications.

NIELIT Guwahati and Technical Clubs CITK

July 2022 – August 2022

Summer Intern

Kokrajhar, Assam

- Project:** Led the development of the "Tamper proof civil work information system" ensuring data integrity and security for civil work information through innovative blockchain technology.

Projects

WildAI - AI and IoT Driven Solution to Prevent wild animal conflict | Python, Deep Learning-CNN, RaspberryPi, IoT-LoRaWAN

- WildAI is an innovative project that employs AI and IoT solutions to prevent conflicts between humans and wild animals. The system utilizes advanced technologies to proactively detect and address potential clashes, promoting coexistence and minimizing the risks associated with human-wildlife interactions.

Detection of melanoma using Binary Harris Hawk Optimization | Python, Machine Learning, Deep Learning-CNN

- Implemented Binary Harris Hawk Optimization for the precise detection of melanoma, enhancing accuracy in medical diagnostics and contributing to early intervention for improved treatment outcomes.

Technical Skills

Languages: C, C++, Core Java, Python, SQL, Web Design (HTML, CSS, JavaScript, Angular)

Tools: GIT, MySQL, Test link, Postman, VS Code, Raspberry pi

Platforms: Linux, Web, Windows, Google Colab, Gitlab

Soft Skills: Leadership, Time Management, Teamwork, Problem-Solving, Communication

Education

Central Institute Of Technology Kokrajhar

2019 – 2023

Bachelor Of Technology – Computer Science and Engineering (CGPA: 8.95 / 10)

Kokrajhar, Assam

- Relevant Coursework:** Operating Systems, Data Structures and Algorithms, Machine Learning, Computer Networks, Compiler Design, Software Engineering, Analysis of Algorithms, DBMS, FLAT, etc

S.S 108 M.R.J.D.I College, Bisnupur, Begusarai

2017 – 2019

Intermediate – PCM (Percentage: 76.60%)

Begusarai, Bihar

B S High School Pahsara Babhangama

2016 – 2017

Matriculation (Percentage: 79.80%)

Begusarai, Bihar

Training

Tata Consultancy Service

January 2022 – June 2022

Remote

- The TCS Youth Employment Program (TCS-YEP) imparts a well-rounded skill set encompassing problem-solving aptitude, logical and analytical reasoning, coding proficiency, and essential soft skills like interpersonal communication and teamwork, ensuring participants are equipped for a competitive entry into the workforce.
