PROFESSIONAL SUMMARY

Java Backend Developer with 2+ years of experience, specializing in Core Java, Spring Boot, Hibernate, REST APIs, and MySQL. Proven ability to develop scalable, efficient backend systems, troubleshoot issues, and collaborate with cross-functional teams. Certified AWS Cloud Practitioner with hands-on experience in building and optimizing backend architectures. A quick learner committed to delivering high-quality software solutions.

TECHNICAL SKILLS

Language: Java
Frameworks: Spring Boot, Hibernate, Spring MVC, Spring Security, Microservices
Database: MySQL, Redis
Skills: Maven, JUnit, Kafka, DSA, OOPs, Git, Eclipse, Postman, Swagger
Certificates: AWS Certified Cloud Practitioner

EXPERIENCE

Software Engineer July 2022 – September 2024
Incedo Inc. Pune, India

Project: Tripwire

- Implemented backend architecture using Spring Boot to enhance performance and scalability.
- Developed REST APIs, ensuring efficient data handling and system functionality.
- Utilized JPA/Hibernate for efficient database management with MySQL.
- Debugged and optimized software to improve functionality and performance.
- Documented APIs with Swagger and tested them using Postman.

Project: FunFriday

- Developed backend features in Java, enhancing system functionality and performance.
- Designed and implemented several endpoints for efficient communication with MySQL.
- Troubleshoot and resolved bugs to ensure system reliability.
- Conducted API testing using Postman for seamless integration.

Software Engineer Trainee January 2022 – June 2022
Incedo Inc. Pune, India

- Developed an Employment Management System in Java with RESTful APIs to handle employee records.
- Implemented CRUD operations and tested APIs for enhanced system functionality using Postman.
- Integrated MySQL with Spring JPA/Hibernate for database management.

EDUCATION

Thapar Institute of Engineering and Technology, TIET Patiala, Punjab
BE in Electrical Engineering | 8.88/10 July 2018 – June 2022

Rani Laxmi Bai Memorial School Lucknow, UP
12th | PCM + Computer Science and English Language | 95.2/100 July 2016 – March 2017

Rani Laxmi Bai Memorial School Lucknow, UP
10th | 10/10 July 2014 – March 2015

ACADEMIC PROJECTS

- **Team Pulse:** Developed an Employment Management System in Java using Swing and AWT, enabling CRUD operations on employee records. [github/TeamPulse](https://github.com/TeamPulse)
- **Snake Game:** Created a classic Snake game in Java using Swing and AWT with collision detection and graphical rendering. [github/SankeGame](https://github.com/SankeGame)

EXTRACURRICULAR ACTIVITIES

- Volunteered to provide education to underprivileged children through a non-Profitable Organisation, Pratigya.
- Operated a small handcrafted business.
