

B VENKATESH

Machine Learning Engineer
Bengaluru

Gmail: venky.decodes@gmail.com
Mobile: +91-7676978293

Summary

- Experienced Data Scientist with 7+ years of expertise in AI and machine learning across diverse industries.
- Expert in Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), and OpenAI APIs for building AI-driven applications.
- Strong expertise in Python, deep learning, NLP, and statistical analysis, with a focus on scalable, data-driven solutions. Proven ability to collaborate with cross-functional teams to implement impactful AI models and drive technological progress.
- Committed to ethical AI development, ensuring data privacy and security in AI solutions.

Skills

Programming Language	Python, SQL, Linux/Unix
Statistical Methods	Descriptive statistics, Inferential Statistics, Hypothesis testing (z-test, t-test, ANOVA, Chi-square), EDA, Outlier Detection (IQR, z-score)
Machine Learning	Linear Regression, Logistic Regression, Decision Tree, Random Forest K-means, KNN, SVM, Bayes Algorithm, PCA, LDA, Isolation Forest, Boosting
Deep Learning/NLP	DNN, CNN, RNN, LSTM, GRU, Transfer Learning, Sentimental Analysis, word2vec, TF-IDF, BERT
Generative AI	LLMs, LangChain, OpenAI APIs, Enterprise RAG, Hugging Face Transformers, Guardrails, Vector Databases
Packages and Libraries	Sklearn, Numpy, Scipy, Matplotlib, Seaborn, PyCaret, Dataprep, Lux, Dtale, Pandas Profiling, Textblob, Spacy
Miscellaneous	AWS, Microsoft Azure, Version Control Systems (Git)

Work Experience

	Machine Learning Engineer (Generative AI) Dori AI (2023 - Present)	<u>Ongoing Project:</u> Generative AI-based Chatbot • Led a team to develop an advanced Generative AI-powered chatbot, reducing manual effort by 80%. • Integrated LLMs for natural language understanding, automating responses and streamlining internal workflows. • Implemented secure data handling and Responsible AI practices using Guardrails on Azure to ensure ethical AI usage. • Skills: Generative AI, LLMs, LangChain, Azure, Guardrails, Vector Databases
---	--	--

Data Scientist

Learnvista Private Limited

(2021 - 22)

Project: MCQ Generation Using Generative AI techniques

- Developed an AI-driven system to automate MCQ generation from provided texts or topics, streamlining educational content creation.
- Optimized system accuracy to 87% by troubleshooting issues and fine-tuning model parameters for improved efficiency.
- Leveraged Retrieval-Augmented Generation (RAG) to enhance question relevance and diversity.
- Skills: OpenAI API, LangChain, Retrieval-Augmented Generation (RAG), Python

Data Scientist

Freelance

(2020 - 21)

Project: To evaluate customer's response towards a product on Amazon through sentimental analysis

The project was implemented end-to-end, utilizing customer feedback and reviews for data modeling

- Skills: Data cleaning, Python, NLP, Text Preprocessing, Lemmatization, SpaCy, BERT, NLTK, Keras, Beautiful soup, web scraping

Subject Matter Expert

Chegg India Pvt Ltd.

(2018 - 2020)

Project: Predicting the online customer's intent for a retailing company and generate a recommendation report

Our model accurately predicted the shopping intent of approximately 87% of users, including both those who made purchases and those who did not

- Skills: Data analysis, Imbalance class handling, Ensemble models

Software Engineer

Infineon Technologies Pvt. Ltd.

(2016 - 2018)

During my tenure as a Software Engineer spanning two years, I have been dedicated to driving tool development initiatives, leveraging Machine Learning algorithms. These initiatives have proven instrumental in enhancing efficiency and productivity within our organization, with a primary focus on utilizing Python as the core technology for crafting robust and user-friendly tools.

Education

National Institute of Technology, Jamshedpur (2015 - 2017)

- MTech in Computer Science and Engineering with CGPA of 8.5

Awards and Honors

- Secured a rank of 16 from 6000+ participants in Analytics Vidhya Data Science Hackathon challenge November 2022
- Submitted paper on "Safety Property Check" at Technological Conference
