EDUCATION

BE/B.Tech in Mechanical Engineeringg Reva University

08/2018 - 05/2022

Bengalore, Karnataka, India

Courses

- Mechanical Engineering

SECONDARY SCHOOL EDUCATION/X Sri Rama Vidyalaya School

03/2015 - 05/2016

Bengalore, Karnataka, India

Courses

- Applied Science

HIGHER SECONDARY EDUCATION/XII Sri Chaitanya Pu College

04/2016 - 03/2018

Bengalore, Karnataka, India

Courses

- Applied Science

PERSONAL PROJECTS

Online charging of smart phone

- An application which converts electric signals to digital signals using ADC. Hardware on server side and transfers over http to cell phones instantly. [Note that cell phones must have DAC converter to convert back to analog signals]

WORK EXPERIENCE

[Internship]

Lumax Private Limited

07/2021 - 12/2021

Monitoring Injection moulding and various methods associated in the production of automotive lights.

SKILLS

Core Java[OOP, Collection, Exception Handling, Multithreading]

Oracle11G,SQL

HTML

CSS

Java Script

COMPETENCIES

Actively Participated in 4th National Conference on 'New Trends in Mechanical Engineering [NCNTME-2022]' By School of Mechanical Engineering in Association with Indian Institute of Foundrymen'

ACADEMIC PROJECT

Fabrication of Zero Radius Fire Extinguisher (05/2021 - 03/2022)

Aim of the project is to develop a robot that can search, detect and extinguish burnt areas immediately and develop a program using PIC18F4550 to control the movement of the robot. Besides, to learn how to connect microcontroller and GSM modem and design the robot that includes the flame sensor to detect the fire and send a notification by Short Message Service [SMS] and lastly to analyse how the robot performs to detect the angle of burnt area in-front of the robot and detecting burnt area in 0m-2m in radius

CERTIFICATES

FULL STACK JAVA DEVELOPMENT (07/2022 - 11/2022)

Brief knowledge of coding, programming, web development, core java concepts i.e as OOPs, Collections, Multithreading, exceptional Handling and building webpages with the help of html&css javascript, and query writing in SQL
