PROFESSIONAL SUMMARY

- 3+ years of software development experience in building **DApps** using Blockchain Technologies.
- Blockchain engineer with a track record of incorporating client and business requirements into cost-effective, secure and user-friendly solutions.
- Managing projects from **understanding client requirements** to implementation and delivering.
- Worked on emerging networks and tech stack like **Node.js, EOS, Ethereum, Arbitrum, BSC** and **Polygon**.

TECHNOLOGY SUMMARY

- Blockchain
- EOS
- Smart Contracts
- Solidity
- Hardhat, Foundry
- Smart Contract Security.
- Decentralized Finance
- Node.Js
- C++
- Java Script
- Problem Solving

WORK HISTORY

Jun 2023 - Current
Smart Contract Developer
MagpieXYZ,
Totola(Remote)

- Developed **secure and gas-efficient smart contracts** for **multi-chain DeFi platform** that is providing **Yield and veTokenomics boosting services**.
- Conducted through **audits on smart contracts** to ensure the highest level of security. **Deployed smart contracts** on diverse blockchain networks including ETH, ARB, BSC etc.
- Provided **mentorship and training** to interns and junior team members.
- Worked on emerging Blockchain networks and tech stack like **Ethereum, Polygon, Web3.Js** and **Nodejs**.
- Developed Blockchain network using **Avalanche** Blockchain for developers to deploy their DApps.
- Developed smart -contracts for **NFT and Defi** related projects.
- Knowledge of **SDLC** Tools like **JIRA** and **GIT**.

Jan 2022 – May 2023
Blockchain Developer
Codezeros –Ahmedabad

EDUCATION

May 2022

Master Of Computer Application (MCA).

Institute Of Technology **Nirma University.** | Gujarat, India

ACCOMPLISHMENT

- **Designed software solutions**, driving continuous improvement to processes, systems, **workflow** and customer responsiveness.
- Assisted sales team in technical areas that has helped company to land several client projects.
- Worked closely with BA & QA teams to **understand the client's requirement** properly and improve the user experience and ensure streamline process for users.

HOBBIES

- Computer Games
- Web series
- Bike riding
