Experience

AXIS BANK

BUSINESS ANALYST - (BIU || Digital CIB & NEO)

July 2023 – Present

Mumbai, Maharashtra

- **NFC Customer-360 Dashboard**

- Analyzed eligible and registered customer data for user and corporate account created via 4 onboarding tools.
- Monitored financial transaction revenue and balance metrics, segmented by payment channels (NEFT, RTGS, IMPS, etc.), mode and status. Tracked entire data for FDs opened through NEO.
- PowerBI Dashboard to report customer engagement through NFB was used in campaigning to increase registered customer base by **14%** and revenue by **20%** in last quarter.

- **NFB Digital Penetration Dashboard**

- PowerBI dashboard to analyze customer onboarding data through web and mobile platforms vs offline mode .
- RM-level tracking to calculate Incentives. Guest user tracking for non-registered visitors via separate calling campaigns to boost monthly registration by **15%**.
- Implemented a password policy based on login activity history, conducting a campaign to enforce compliance and disabled customers to maintain data integrity.

- **Digital FD Universe Dashboard**

- Monitored revenue metrics for the creation and closures of FDs, and tracked ETB vs NTB monthly trends.
- Compared performance metrics between online and offline FDs by reporting their monthly balances.
- PowerBI dashboard including various cuts which through campaigns increased **12%** of new online FD creation.

- **Ad-hoc Requirements**

- Supported data migration from CIB to NEO, ensuring zero downtime.
- Saved approximately **40 hours per week** spent on manual reporting through automation.
- Mentored interns, providing guidance on business intelligence, increasing team productivity by **25%**.

RECKITT BENCKISER

RESEARCH INTERN

June 2022 - August 2022

Gurgaon
