EXPERIENCE

CAREER BREAK - PARENTSCARE

May 2023 – Present

- Took an unplanned break to address a family medical issue, while continuing to prioritize professional development.
- Enhanced iOS skills through key personal projects: a secure password storage app, WeatherHere, a personalized news app, and MutelCore for real-time doctor consultations.

APPINVENTIV TECHNOLOGIES | SOFTWARE ENGINEER - IOS

Feb 2022 – May 2023 | Noida, India

- Led iOS app development, integrating APIs for a seamless user experience.
- Enhanced authentication and analytics using Firebase and Google Sign-In SDKs.
- Migrated project architecture from MVC to MVVM for better maintainability.
- Collaborated with UI/UX and backend teams for smooth design-to-code integration.

PROJECTS

INDIAMART | LINK

Jun 2022 – Nov 2022

- Managed Firebase-based chat functionality to enable seamless real-time communication within the IndiaMART app.
- Optimized performance by redesigning the Add to Cart module using SOLID principles and migrating app architecture from MVC to MVVM.
- Enhanced user experience with improved UI in UIKit, including a redesigned seller listing for smoother navigation.

KUDU APPLICATION (UAE-BASED FOOD DELIVERY) | LINK

Dec 2022 – Apr 2023

- Led quality assurance, improving app performance and user experience.
- Managed bilingual localization (English and Arabic) for expanded market reach in the UAE.
- Developed scalable modules for authentication, order tracking, and payment integration.

WEATHERHERE | LINK

May 2023 – Apr 2023

- Displays city temperatures via OpenWeatherMap API, with Light/Dark Mode support
- Used MVC architecture and UIKit for the UI components.

PASSLOCK | LINK

Aug 2023 – Oct 2023

- Passlock Allows user to save password securely in device Keychains locally.
- Used 6 digit password authentication for users to access the saved passwords

EDUCATION

RAJ KUMAR GOEL INSTITUTE OF TECHNOLOGY

BACHELOR OF TECHNOLOGY (ECE)

2018-2022 | Ghaziabad, India

GPA: 8.2 / 10

SKILLS

PROGRAMMING

Swift

C/C++

LIBRARIES/Framework

SwiftUI

UIKit

Alamofire

Realm

Firebase

Cocoapod

TOOLS/PLATFORM

Github/GitLab/Bitbucket

XCode/XCode Instruments

Postman

SourceTree

Figma

ACHIEVEMENTS

Achieved 2-star rating on CodeChef (Rating: 1646).

Solved 100+ coding problems across various platforms.

Recognized for excellent performance ratings at Appinventiv Technologies.

Participated in the ICPC Preliminary round.

HOBBIES & INTERESTS

Problem-Solving

Running

Volunteering & Social Work
