SUMMARY

- Results-driven iOS Developer with 2 years of experience in developing high-performance iOS applications.
- Proficient in Swift, UIKit, Core Data, and AVFoundation.
- Committed to delivering high-quality software solutions and contributing to team success.

TECHNICAL SKILLS

Programming Languages: Swift, Java **iOS Development:** UIKit, Core Data,

AVFoundation, Auto Layout, PHAsset

Architecture: MVC & MVVM with Delegate & Dependency Injection

PROJECTS

DanceTribe

iOS Development

Mar 2023 – Present

Swift, UIKit, AVFoundation, Core Data

- Developed an iOS application for dancers to create, practice routines, and perform with music.
- Integrated Apple Music and SoundCloud APIs for importing and playing music from multiple sources.
- Implemented advanced AVAudioEngine functionalities for audio editing, including playback modes (overlay, compare with video), speed adjustment, and audio marker handling.
- Designed and optimized Core Animation effects for enhanced user interactions, such as video flipping and real-time waveform visualization.
- Managed localization efforts for four languages using SwiftGen, ensuring broad accessibility of the app.
- Addressed challenges related to Widget integration for displaying and controlling song playback status on iOS devices.

EXPERIENCE

Associate Software Engineer

Robosoft Technologies

Aug 2022 – Present

Udupi, India

- Collaborated on the development of DanceTribe, an iOS app for dancers to create and practice routines with music.
- Gained proficiency in utilizing Core Data for efficient data storage and retrieval.
- Implemented and optimized audio processing and playback functionalities using AVAudioEngine.
- Actively participated in code reviews, contributing to code quality improvements and adherence to coding standards.
- Consistently met project deadlines and delivered high-quality software solutions, earning recognition from project leads and managers.

EDUCATION

JSS science and technology university

MCA

- CGPA: 8.02

Mysore, Karnataka

Oct 2019 - Aug 2022
