SUMMARY

Dedicated and results-driven DevOps engineer with 2 years of hands-on experience in optimizing and streamlining IT operations, reducing cloud cost, and enhancing organizational processes. Seeking a challenging role to leverage expertise in DevOps technologies and cloud infrastructure to contribute to dynamic team.

TECHNICAL SKILLS

Operating Systems	Linux, Ubuntu
Version Control Tools	GIT, GitHub
Build Tools	Maven
CI/CD	Jenkins
Containerization Tool	Docker, Kubernetes
Configuration Management	Ansible
Scripting Language	Shell Scripting
Cloud Technology	AWS
IaC	Terraform

EXPERIENCE

LTIMindtree, Bangalore

Aug 2021 – Till Date

DevOps Engineer, Client: CITI Bank

Responsibilities:

- Managed source code with Git and GitHub. Resolved merge conflicts, branch issues, and permissions for organized development.
- Developing and maintaining the continuous integration and deployment pipelines using Jenkins, Git and build tools like Maven.

- Implemented Docker containers for application deployment, leading to a more efficient and scalable infrastructure.
- Collaborated with development teams to optimize Dockerfiles and container configurations for performance and security.
- Collaborated with development teams to optimize Docker container configurations for EKS environments.
- Developed and maintained Ansible playbooks for automating configuration management across diverse infrastructure components, reducing manual errors and ensuring consistency.
- Integrated Ansible playbooks with CI/CD pipelines to automate the provisioning of infrastructure and application deployment.
- Managed applications in containerized environments using Kubernetes.
- Implemented AWS IAM security measures, ensuring least privilege access. Troubleshoot permission mismatches and security vulnerabilities.
- Led Infrastructure as Code adoption, tackling drift and configuration inconsistencies. Collaborated on troubleshooting template errors for stable deployments.
- Hands-on experience on Cloud services like AWS (ELB, EC2, EBS, AMI, SNS, Route53, S3, RDS, Cloud Watch, IAM, RDS ,VPC and Auto scaling).
- Good working knowledge AWS IAM Service: IAM Policies, Roles, Users, Groups, AWS Access Keys and Multi Factor Authentication
- Built S3 buckets and managed policies for S3 buckets and used S3 bucket and Glacier for storage and backup on AWS.
- Engaged in cross-functional teams, joining discussions and troubleshooting. Followed agile methodologies for smooth functioning.

Other projects

1. Implemented ultimate CI/CD pipeline:

Tools used: Git, Jenkins, SonarQube, Docker, Argo CD, Helm, Kubernetes.

Description: Have setup an end-to-end CI/CD implementation which follows GitOps practices as per latest DevOps standards. Used wide range of DevOps tools to implement efficient CI/CD setup.

2. 2048 game - A Kubernetes end to end project using EKS:

Tools used: AWS EKS, EC2, IAM.s

Description: Have set up a real-time 2048 game application and exposed it to outside world using Ingress and ALB Ingress Controller. Used wide range of AWS services.

3. AWS End to End CI/CD implementation:

Tools used: AWS Code Commit, AWS Code build, AWS Code Pipeline, AWS Code Deploy

Description: Have set up an end-to-end Continuous integration/continuous deployment on AWS using various service providers available on AWS.

4. Setting up Infrastructure on AWS using Terraform:

Tools used: Terraform, AWS EC2, VPC, S3 buckets, Load balancers, IAM,

Description: Have set up infrastructure on AWS using terraform and AWS CLI. Have set up various AWS providers using terraform which is a IaC tool.

CERTIFICATIONS

- Oracle certified professional, Java SE 11 Developer
- Certified Scrum Master
- Azure fundamentals certified.
- AWS partner: Accreditation Technical
- DevOps Architect Master – Intellipaat (Pursuing)

EDUCATION QUALIFICATION

- **MVJ College of Engineering - BE - 8.2 Cgpa**
August 2017 – August 2021
Computer Science Engineering
- **Narayana PU College - PUC - 80 %**
May 2015 – May 2017
PCMC
- **Poorna Prajna Education Centre - 10th - 92.64%**
Mar 2014 – April 2015

ACHIEVEMENTS

- Best performer for consistently exceeding in the performance.
- On time deliverables and thereby increasing business outcome.
