PROFESSIONAL SUMMARY

A highly analytical and detail-oriented Data Analyst with over 2+ years of experience in data analysis, process optimization, and automation within the banking and tech industries. Skilled in leveraging advanced SQL, Python, and data visualization tools like Tableau and Power BI to deliver actionable insights, improve decision-making, and streamline operations. Proven track record in optimizing compliance processes, reducing false positives in regulatory reporting, and enhancing user engagement through data-driven strategies. Adept at collaborating with cross-functional teams and aligning data strategies with business objectives.

SKILLS

- **Data Analysis & Tools:** Advanced SQL, Python, Advanced Excel, Power BI, Tableau
 - **Databases:** PostgreSQL, MySQL
 - **Visualization & Reporting:** Data Visualization, Reporting, Insights Extraction
-

WORK EXPERIENCE

Data Analyst | DCB Bank, Mumbai, Maharashtra

Jul 2024 – Present

Compliance – Anti Money Laundering (AML)

- **Data-Driven Risk Detection:** Analyzed complex transaction patterns to identify suspicious activity (e.g., mule accounts, complex 'One-to-Many' and 'Many-to-One' relationships) using SQL.
- **Optimization & Automation:** Led efforts to optimize the accuracy of Suspicious Transaction Reports (STRs), reducing false positives by improving alert quality and setting optimized thresholds.
- **Data Insights & Reporting:** Delivered actionable insights through data analysis using Python, SQL, and Excel to support decision-making and ensure regulatory compliance.
- **Automation of Data Processes:** Developed and automated scripts that identified financial irregularities, saving 30% of manual work and increasing operational efficiency.
- **Cross-Department Collaboration:** Worked closely with compliance teams to ensure adherence to regulatory standards and improve data quality.

Data Analyst | eezylife Inc., Bengaluru, Karnataka

Oct 2022 – Jan 2024

- **Data Scraping & Extraction:** Extracted data from online platforms such as Yelp, Zomato, and TripAdvisor using Python libraries like BeautifulSoup and Selenium, enhancing the company's data pipeline.
- **Data Analysis & Reporting:** Utilized SQL (PostgreSQL) to analyze onboarding data and improve business operations. Reduced user onboarding time by 19.42%, contributing to a 16% reduction in drop-off rates.

ANKIT MISHRA

Bengaluru, India | mishra.ankit250794@gmail.com | +91-9669702507 | [LinkedIn Profile](#)

- **User Behavior Analysis:** Analyzed user data from a base of 45,000 monthly active users to generate insights that optimized product features and marketing strategies.
- **Visualization & Insights:** Produced data visualizations and performance reports in Tableau, improving decision-making and user engagement metrics.
- **Data Transformation:** Cleaned and transformed large datasets using Python and SQL to meet business requirements, streamlining data processing for other teams.

Quality Analyst | eezylife Inc., Bengaluru, Karnataka

Feb 2021 – Oct 2022

- **Testing & Automation:** Performed end-to-end testing to ensure data integrity and system functionality. Developed Postman test collections, increasing test coverage by 30%.
- **Test Case Optimization:** Rebuilt and enhanced legacy test cases, streamlining the testing process and ensuring more reliable results.

Manager (Sales) | Market Magnify Research Pvt Ltd

Feb 2017 – Mar 2020

- Led a team focused on financial product sales, using data to drive decisions and optimize sales strategies.
- Managed client relationships and retention efforts, leveraging data insights to improve service offerings.

Team Leader (Sales) | Capital Via Global Research

Jul 2015 – Jan 2017

- Managed team and individual sales efforts, using analytical approaches to improve sales strategies.
- Developed an in-depth understanding of market trends and financial products to inform team performance.
