Summary

Computer Vision Engineer at Awiros, specialized in developing advanced vision AI solutions leveraging cutting-edge techniques to enhance real-time video data processing, including object detection, segmentation, and counting.

Employment

AI Engineer, Campus Ready

Jan. 2024 – Current

Remote, India

- Developed AI powered Exam Prep Application with Features involving Topic Extraction, Question Generation, Test Generation and Evaluation.
- Built a Custom Document Extractor for Text, Tables and Image content.

Computer Vision Engineer I, Awiros

May 2024 – Jan. 2024

Gurugram, Haryana

- Developed a Person Protection Equipment application to generate safety hazard alerts based on detecting protective gear worn by workers.
- Built a Seatbelt Compliance application with Automatic Number Plate Recognition for detecting seatbelt violations and linking them to vehicle license plates.
- Conducted knowledge distillation from Grounded SAM (Ground DINO & Segment Anything Model) to YOLOv8 for custom object detection.
- Benchmarked Vision Language Models (InternVideo 2, Pali Gemma, and Phi 3.5) for safety hazard detection in critical conditions.

AI Engineer, WESEE (Indian Navy)

Mar. 2023 – Apr. 2024

New Delhi, Delhi

- Developed Warship Detection and Classification from satellite images using YOLOv5 with oriented bounding boxes.
- Fine-tuned a distilled BERT, BERT, GPT2 for Text Classification.

Data Science Intern, Jaipur Modern

Sept. 2022 – Mar. 2023

Remote

- Created models for restaurant sales forecasting, menu optimization, and item price optimization.

Education

M.Tech CSE, AI & Data Science, Indian Institute of Information Technology Kota

Dec. 2021 – Sept. 2023

B.Tech CSE, Amity University Kolkata

Aug. 2017 – July 2021

Skills

Programming: Python, C++

Libraries: PyTorch, OpenCV, YOLO, LangChain, ChromaDB

Tools: Docker, FastAPI, Stable Diffusion WebUI, Git, GCP, Bitbucket, Jira, DVC

Projects

AI Exam Prep

A sophisticated RAG-based system that processes PDF books or study materials to generate high-quality multiple-choice questions using local LLMs through Ollama.

Awards

- Winner, Amiphoria Football Championship
- Runner-up, CNMC Football Championship 2019
- Semifinalist, MST 2023, MNIT Jaipur
- Participant, Reliance Youth Football Championship 2019

Activities

- Member of Sports Club, Amity University Kolkata
- Member of Sports Club, Indian Institute of Information Technology Kota
