PROFESSIONAL SUMMARY

Java Developer with experience in developing robust and scalable applications. Solid understanding of object-oriented programming principles and proficiency in Java, SpringBoot, and relational databases. Proven track record of delivering high-quality code and collaborating effectively in cross-functional teams. Strong problem-solving skills and a passion for continuous learning and professional growth in software development.

SKILLS

Technical Skills:

- Java programming
- Structured Query Language (SQL)
- Basic HTML and CSS
- JDBC
- Hibernate
- Spring IOC and Spring MVC
- Spring Boot
- Restful APIs
- Object-oriented programming Structure (OOPS)
- Unit testing and debugging
- Software Development
- Documentation and Code Optimization

Soft Skills:

- Critical and Analytical Thinking
- Communication
- Leadership
- Problem-solving
- Adaptability
- Collaboration.

Tools & Environments:

- **IDEs:** IntelliJ IDEA, Eclipse IDE, Visual Studio Code
- **Database Management Tools:** PgAdmin, MySQL, PostgreSQL
- **Server & Deployment:** Apache Tomcat
- **API Testing:** Postman

PROFESSIONAL EXPERIENCE

Junior Software Engineer – Java

EZYLOADS LOGISTICS PRIVATE LIMITED (TRANSO), Bangalore

1st May 2023 – 31st Jan 2024

Project Description:

As a Java developer at EZYLOADS LOGISTICS PRIVATE LIMITED (TRANSO), Involving in the development of a comprehensive logistics application aimed at streamlining the booking, tracking, and tracing processes for shipments. The project focused on providing an efficient and user-friendly platform for managing logistics operations and enhancing customer experience.

Responsibilities:

- Collaborated with development team to identify and resolve software bugs, making sure the applications run smoothly.
- Helped create new APIs to improve the system and make it better for users.
- Checked and reviewed code with the team to ensure its high quality and follows best practices.
- Collaborated with different teams to understand what's needed and came up with effective solutions.
- Formulated SQL queries and organized PostgreSQL databases with well-defined table structures, ensuring optimal data management

- Crafted JSON responses aligned with frontend requests, incorporating logic processing for effective communication.
- Developed tracking and tracing functionalities that enabled real-time updates on shipment status, location, and estimated delivery times.
- Implemented notification systems to keep customers informed about shipment milestones, delays, and other relevant updates.
- Investigated and resolved issues by conducting thorough debugging processes to identify and address root causes.
- Developed and maintained Java applications using Spring Boot framework.
- Created technical documentation to facilitate code maintenance, ensuring efficient knowledge transfer and reducing onboarding time.

ACADEMICS

- **Shaikh College of Engineering and Technology, Belagavi | BE | 2020**
Percentage: 76.77
- **SK Hukkeri Comp PU College Ghataprabha | PUC | 2015**
Percentage: 72.5
- **Govt Girls High School, Shindikurabet | SSLC | 2013**
Percentage: 83.84

CERTIFICATIONS

- Completed Java full stack course in JSpiders Basavanagudi, Bangalore.

LANGUAGES

- English
- Kannada
- Hindi

STRENGTHS

- Ability to work with a team
- Work well under pressure
- Patience and Honesty
