SUMMARY:

Passionate Certified RPA AI associate developer with a strong eagerness to learn and tackle complex automation challenges. Dedicated to building efficient and innovative solutions

TECHNICAL SKILLS

Workday Skills: Workday HCM, Security, Learning Management system, Talent, Recruiting, Business Process, XML, XSLT, EIB, Core connectors, Calculated Fields, Workday Reporting, Workday Docs

RPA Tools: UiPath (v6.0, 7.5), UiPath Studio

Programming Languages: C, Python

Database: MySQL, MSSQL server

Tools: GIT, MS Office (MS Word, MS Excel, MS PowerPoint)

EXPERIENCE

Micron Technology

Associate Software Engineer

July 2023 – Present

- Implemented End to End Robotic Process Automation (RPA) using UiPath in agile environment and developed workflows as per user requirement.
- Built multiple RPA workflows to clean up lakhs of courses in Workday Learning and automate data migration to Questionmark platform, saving significant manual hours.
- Worked with Business Teams to create separate SDD (Solution Design Documents).
- Hands on Experience in MSSQL database, Stored Procedures, Functions, Triggers, Views, Joins.
- Developing, implementing stored procedures, and deploying through Azure Devops
- Collaborated with stakeholders to ensure data integrity, data synchronization between workday (employee data) and field glass (contractor data) databases to ensure seamless integration with downstream applications.

Business Analyst Intern

Feb 2023 – July 2023

- To analyze functionality, business requirements and translate them into effective solution.
- Hands on experience in Core HCM, Security, LMS, Recruiting and automate generating offer letters using Workday Docs
- Implementing and testing Workday Release features

EDUCATION

G. Narayanamma Institute of Technology and Science

B. Tech EEE: CGPA – 8.7

Aug 2019 – May 2023

- Secretary, Artista Art Club | 06/2021 - 05/2023
- Coordinator, Aptus Gana_Aptitude Club | 02/2020 - 05/2023
- Winners of Smart India Hackathon Sr Software edition 2022 on Caller ID spoofing detection
- Participated in 'Innovate 4 Menstrual Waste' Hackathon organized by Telangana State Innovation Cell and WaterAid India, May 2022
- Top three in Poster Presentation on Renewable Energy conducted by TEJASS GNITS, 2021

Narayana Junior College

TSBIE - MPC: CGPA – 9.7

Apr 2017 – May 2019

The Nalgonda Public School

CBSE: CGPA – 10

Apr 2017

- State 18th rank in Ramanujan Olympiad Test, 2016
- Top three in District level Art competition hosted by Maruti Suzuki, 2013

UNIVERSITY PROJECTS

- **Solar Powered Automatic Rain Protection for Field Crops:** Developed using Arduino with moisture level monitoring system.
- **Caller ID Spoofing detection:** One of the SIH winners out of 20,000 ideas submitted and 1,300 team finalists.

CERTIFICATIONS

- UIPATH: RPA AI Associate
- EDYST: Fun with Python
- HACKERRANK: SQL
- SIMPLILEARN: Microsoft Power BI
