PROFESSIONAL SUMMARY

Data Analyst with 3.8 years of experience in banking and e-commerce, specializing in data extraction, analysis, and visualization. Expertise in developing interactive dashboards and reports using Power BI and Tableau, alongside strong skills in Python, SQL, and Excel. Proven track record of driving business performance by delivering actionable insights and optimizing business processes. Adept at integrating data from multiple sources and utilizing advanced analytics to support strategic decision-making.

KEY SKILLS

- **Data Visualization:** Tableau, Power BI, DAX, Power Query
 - **Programming:** Python (Data Manipulation, Analysis), SQL
 - **Data Management:** Data Cleaning, Data Modelling, ETL Processes
 - **Business Intelligence:** Reporting, Dashboard Creation, Business Strategy Support
 - **Project Management:** Requirements Gathering, Process Optimization, Cross-Functional Collaboration
 - **Tools:** Google Analytics, Jira, Microsoft Excel
 - **Industries:** E-commerce, Banking
-

WORK EXPERIENCE

Data Analyst

Tata Consultancy Services (TCS) – April 2021 - Present

Clients: Macy's Inc, Scotiabank

- Developed and maintained interactive dashboards in Tableau and Power BI, visualizing performance metrics for marketing campaigns and banking operations.
- Led the data analysis for marketing campaigns by implementing SQL queries to extract, manipulate, and cleanse data, ensuring accurate reporting and actionable insights.
- Collaborated with cross-functional teams to optimize business strategies through data-driven recommendations.
- Built data models and reports aligned with business objectives using Power BI and Tableau, incorporating DAX and Power Query to enhance dashboard interactivity.
- Performed data analysis to troubleshoot and resolve discrepancies, optimizing reporting workflows and enhancing data quality.

- Delivered clear, concise, and impactful visualizations and presentations to support business stakeholders in decision-making.
-

PROJECT EXPERIENCE

E-Commerce Data Analysis

- Designed dashboards using Tableau to monitor marketing campaign performance, focusing on user engagement and conversion metrics.
- Utilized Google Analytics to gather and analyse web traffic data, improving targeted marketing strategies and online sales.
- Collaborated with marketing teams to convert data insights into actionable initiatives, enhancing customer acquisition and retention.

Banking Analytics Project

- Directed comprehensive data analysis initiatives for Scotiabank, delivering detailed reports and interactive dashboards for senior management.
 - Conducted gap analysis and enhanced reporting processes, ensuring consistency and quality in data flow.
 - Developed advanced Tableau visualizations (heat maps, cross tabs, scatter plots) to communicate business insights effectively.
-

TECHNICAL SKILLS

- **Data Visualization & BI Tools:** Tableau, Power BI, DAX, Power Query
 - **Programming & Databases:** Python, SQL (MS SQL Server, MySQL)
 - **Data Management:** Data Cleaning, ETL Processes, Data Modelling
 - **Statistical Analysis & Reporting:** Excel (Advanced), Google Analytics
 - **Soft Skills:** Analytical Thinking, Problem Solving, Communication, Cross-Functional Collaboration
-

EDUCATION

Bachelor of Science in Mathematics, Electronics, and Computer Science (MECS)

Rayalaseema University, Kurnool, Andhra Pradesh
June 2016 - 2019

ADDITIONAL INFORMATION

- **Willing to Relocate:** Open to relocation for the right opportunity.

- **Continuous Learning:** Committed to ongoing professional development in data analytics and related fields.
