Work History

Microsoft | Bangalore

Apr 2024 - Jan 2025

Technical Recruiter

- Building the Engineering team for the Microsoft Indian Development Centre.
- Developed and implemented effective sourcing strategies to attract top talent.
- Built strong relationships with hiring managers to better understand their technical requirements and organizational culture.
- Reduced time-to-fill for open positions through efficient candidate screening, interview coordination, and offer negotiation.
- Conducted comprehensive market intelligence analysis to inform and enhance recruitment strategies.
- Optimized recruitment advertising efforts using targeted job postings and social media outreach, generating increased candidate interest.
- Received consistent recognition from managers for outstanding performance.

Awign Enterprises | Bangalore

Jun 2022 - Sept 2023

Lead - Talent Acquisition

Accomplishments in Technical Hiring and Talent Acquisition

As an initial team member, I developed and executed talent acquisition strategies for technical hiring, built the entire hiring process, and filled **more than 60 positions across Engineering and Product**. My responsibilities included conducting Manpower Planning and job Requirement Analysis with hiring managers, developing interview processes and evaluation criteria, and leading the end-to-end recruitment life cycle for niche and leadership roles across all different verticals - Product, Engineering, and Design. Other achievements include:

- Managing vendor relationships and evaluating existing vendors, which led to a **decrease in BU's vendor dependence from 60% to 0%**
- Developing and executing campus recruitment programs with Tier 1 Colleges
- Curating and building processes for employee referrals and referral campaigns
- Conducting Employee Engagement Activities for both Virtual/Remote working and Physical teams every week such as Fun Activities, welcome emails, birthday/celebrations, Festival Celebrations, etc.
- Hiring and coaching fresh recruitment interns and making them profitable in terms of in-house KPIs
- Owning the roll-out of **Awign's first-ever Performance Management System - Mesh**
- Managing all forms of Employee Relations activities and grievances handling
- Driving the Rewards and Recognition program on a monthly/Quarterly/Annual basis
- **Undertaking projects such as revamping Instahyre/IIMJobs/Hirist/Naukri/Awign's LinkedIn, Glassdoor and Ambition box Ratings, and Leaders Testimonial Internal & External Branding**
