Profile

Experienced iOS developer with 3 years of hands-on expertise in designing, developing, and maintaining high-performance applications for iOS devices. Proficient in Swift, with a strong understanding of mobile UI/UX principles and best practices. Proven track record of delivering projects on time with a focus on code quality and scalability. Effective communicator and team player, adept at collaborating with cross-functional teams to achieve project milestones.

Skills

iOS Development

Swift, SwiftUI, UIKit, XCode, Git, MVVM, MVC, CoreML, CreateML

Professional Experience

2023/10 – Present

Senior Systems Engineer

Infosys

- Leveraged Agile methodologies for rapid progression from initial prototyping to enterprise-quality testing and final implementation.
- Conferred with project managers and other stakeholders to fully understand software design specifications and plan optimal development approaches.
- Worked closely with QA teams to ensure that new features are tested thoroughly before release.
- Optimized existing codebase for improved performance on mobile devices.
- Assisted with training junior developers on mobile development technologies.

2021/08 – 2023/09

Systems Engineer

Infosys

- Collaborated with developers to enhance design of efficient solutions for complex tasks.
- Implemented user interface designs for iOS apps according to Apple's Human Interface Guidelines.
- Performed debugging of existing codebase and fixed errors as needed.
- Used Git to maintain version control over projects.
- Implemented application updates, including bug fixes and additional features, based on user feedback.

Education

2021/07

Bachelor of Technology

Trivandrum, Kerala

Mar Baselios College of Engineering and Technology

Graduated with honors in mechanical engineering, achieving a GPA of 8.92.
