Objective

To work with an organization where I can learn new skills and increase my ability for the organizational goals as well as myself.

Education

Sinhgad Institute Of Technology And Science

Aug 2019 – May 2023

B.E. Computer Science Engineering and Honours in Data Science

- CGPA: 8.2/10

Internship

.NET Developer

Kolhapur

Shaan Softtech Pvt. Ltd

July 2024 – Present

- Technologies: VB.NET, SQL Server, MS Access, Windows Forms
- Developed a desktop app to manage employee records with CRUD functionality.
- Created data validation to ensure accurate and consistent employee data entry.
- Integrated SQL Server for secure data storage and designed a user-friendly interface.
- Implemented data validation and error handling.

Web Developer Intern

India

LetsGrowMore

Feb 2022 – Mar 2022

- Developed and maintained responsive web pages using HTML, CSS, and JavaScript.
- Built a Calculator application to perform basic arithmetic operations using JavaScript.
- Created a TODO app for managing tasks with features to add and delete tasks.
- Designed a Registration Form with form validation using HTML, CSS, and JavaScript.
- Gained hands-on experience in front-end development, ensuring compatibility across different browsers and devices.

Web Developer Intern

India

Oasis Infobyte

Feb 2022 – Mar 2022

- Developed a Calculator application using HTML, CSS, and JavaScript to perform basic arithmetic functions.
- Created a TODO app to add, delete, and manage tasks, focusing on dynamic interactions with JavaScript.
- Built a Registration Form with real-time form validation using HTML, CSS, and JavaScript.
- Designed and developed a Tribute Page showcasing a public figure using HTML and CSS for layout and styling.
- Gained hands-on experience in front-end web development, focusing on creating interactive, user-friendly web applications.

Technical Skills

Languages: Java, C#, VB.NET, SQL, OS, C.

Web Technologies: HTML, CSS, JavaScript, Bootstrap, Angular.

Database: MS SQL Server, MySQL.

Tools: Visual Studio, SQL Server Management Studio, Github, Vs Code.

Projects

Medical Management System

Jul 2022 - Apr 2023

- Technologies: Java, MySQL, MS Access
- Developed a Medical Management System to store and manage patient and doctor information.
- Designed an interactive UI with features for login/logout, and a patient description page accessible by patients, doctors, and medical stores.
- Utilized Java for system functionality and MySQL for efficient data management and storage.
- Implemented a QR Code scanner payment option for patients to securely make payments.

Axis Bank ATM System

Jul 2022 - Aug 2022

- Technologies: Html, Css, Javascript
- Developed a user-friendly dashboard for an ATM system using HTML, CSS, and JavaScript.
- Implemented the frontend design to simulate ATM operations, such as balance checking, withdrawals, and account management.
- Focused on creating an interactive and visually appealing interface for seamless user experience.

Student Data Management System

Jul 2024 - Present

- Technologies: VB.NET, SQL Server (or MS Access), Windows Forms.
- Developed a Windows Forms app in VB.NET to manage student marks, grades, and reports.
- Implemented CRUD operations for efficient data handling and integrated SQL Server/MS Access for secure data storage.
- Created dynamic report generation features and ensured data accuracy with validation and error handling.

Certifications

Java Full Stack from Generation India.

Web Development from Codecademy

Extra-Curricular Activities

Achieved Ultimate Milestone in 30 Days of Google Cloud.

Achieved Milestone in Google Cloud Ready Program.

Certificate of State Government NSS Camp, Raigad

Personal Information

Languages Known: English, Hindi, Marathi
