

# FAYAZ AHMED | DATA ANALYST | RESULT DRIVEN

## Personal Information:

**Mail:** fayazahmed2002@gmail.com

**Phone:** 8884913309

**Location:** HSR Layout, Bangalore

**LinkedIn:** fayaz-2002-ahmed

## Professional Summary:

Experienced Data Analyst skilled in **Advanced Excel, Power BI, SQL, Tableau/ Python, Jupyter Notebook for coding and data visualization Tableau/ Python - Pandas | NumPy | SciPy | scikit-learn** with strong business acumen to translate data into actionable insights. Proficient in creating dashboards, streamlining reporting, and driving data-informed decisions to support business goals.

---

## Technical Skills:

### ADVANCED EXCEL:

- **Data Analysis Functions:** Skilled in using functions like VLOOKUP, HLOOKUP, INDEX-MATCH, and logical functions (IF, AND, OR) for efficient data analysis and decision-making.
  - **Pivot Tables and Charts:** Proficient in creating and managing pivot tables to summarize, sort, and analyze large datasets, along with the ability to design visually impactful charts to present insights effectively.
  - **Data Validation and Conditional Formatting:** Expertise in implementing data validation rules to maintain data integrity and applying conditional formatting to visually highlight critical information.
  - **Advanced Formulas and Array Functions:** Experienced in leveraging complex formulas such as SUMIFS, COUNTIFS, and array functions to efficiently perform calculations on large datasets.
  - **Data Cleaning and Preparation:** Mastery of data cleaning techniques using functions like TRIM, CLEAN, and TEXT, as well as removing duplicates to ensure accurate and reliable data analysis.
  - **Dashboard Creation:** Skilled in designing interactive and dynamic dashboards with slicers, drop-downs, and form controls, showcasing KPIs with clarity and enabling automated updates for real-time data analysis.
-

---

## **POWER BI:**

- **Data Modelling:** Proficient in designing efficient data models and establishing relationships to enable seamless and accurate analysis.
- **DAX Functions:** Skilled in writing advanced DAX formulas to perform complex calculations and define key business metrics.
- **Data Connectivity:** Experienced in connecting to multiple data sources (e.g., SQL, Excel) and automating data refresh processes for up-to-date insights.
- **Interactive Dashboards:** Adept at creating visually engaging and interactive dashboards that effectively communicate insights and trends.
- **Power Query:** Expertise in using Power Query for data transformation, cleaning, and preparation to ensure high-quality data readiness.

---

## **Tableau**

- **Data Visualization:** Skilled in designing interactive and visually appealing dashboards to present actionable insights.
  - **Dashboard Creation:** Proficient in creating dynamic dashboards using calculated fields, parameters, and filters for enhanced user experience.
  - **Data Connectivity:** Experienced in connecting Tableau to various data sources like SQL, Excel, and cloud-based databases for real-time analytics.
  - **Advanced Charting:** Expertise in creating advanced visualizations, including heat maps, tree maps, and dual-axis charts, for effective data storytelling.
  - **Performance Optimization:** Skilled in optimizing Tableau dashboards by reducing load times and improving query performance.
-

---

## **SQL:**

- **Data Extraction:** Skilled in crafting SELECT queries to retrieve relevant information from large and complex datasets efficiently.
  - **Filtering and Aggregating Data:** Proficient in applying WHERE, GROUP BY, and HAVING clauses to organize, filter, and summarize data accurately.
  - **Combining Data:** Strong expertise in using INNER, LEFT, RIGHT JOINS, and subqueries to integrate data from multiple sources for comprehensive analysis.
  - **Data Modification:** Experienced in executing INSERT, UPDATE, and DELETE commands while ensuring data consistency and reliability.
  - **Advanced Analytical Functions:** Well-versed in using functions like RANK, DENSE\_RANK, PARTITION BY, and window functions to perform sophisticated data analysis.
- 

## **OTHER TECHNICAL SKILLS:**

- **ETL Processes:** Skilled in extracting, transforming, and loading data to ensure accurate and reliable reporting and analysis.
- **Macros and VBA:** Proficient in creating macros and writing VBA scripts to automate repetitive tasks and enhance reporting efficiency.
- **Python for Data Manipulation:** Experienced in leveraging Python libraries such as Pandas and NumPy for data cleaning, transformation, and manipulation, enabling efficient handling of large datasets.

### **Soft skills:**

- **Problem-Solving:** Ability to analyse data challenges and find effective solutions, ensuring smooth data processes and insightful reporting.
  - **Communication Skills:** Strong ability to present complex data in a clear, understandable manner to both technical and non-technical stakeholders.
  - **Time Management:** Skilled in prioritizing tasks and managing multiple projects to meet deadlines without compromising data quality.
- 

## **EXPERIENCE:**

**DATA ANALYST | GLOBALTEK PROSOLUTIONS PVT LTD| BENGALURU**

**Project :** Education Analytics and Student Performance Monitoring

**Client:** EduGrow Learning Platforms

**Domain:** Education

**Profile:** Data Analyst (MIS EXECUTIVE)

---

### **Company Profile:**

GlobalTek Prosolutions Pvt. Ltd. is a dynamic technology solutions provider specializing in innovative IT services and business process management. The company delivers customized solutions across industries, leveraging advanced tools and methodologies to enhance operational efficiency and business growth. With a focus on quality and client satisfaction, GlobalTek excels in areas such as software development, data analytics, and cloud solutions.

### **Roles and Responsibility:**

- Built interactive dashboards in Power BI to track student engagement, completion rates, and grades, improving overall course effectiveness by 15%.
- Conducted predictive analytics to identify at-risk students and designed intervention strategies, reducing dropout rates by 12%.
- Automated reporting of instructor performance and feedback analysis using SQL, saving 10 hours per week.
- Analysed survey data using Excel to improve course content satisfaction, increasing positive feedback scores by 20%.
- Developed a Power BI solution to monitor revenue from online courses and identify top-performing programs.

### **EDUCATION:**

Bachelor of Science (B.SC) KUD University Dharwad in the year 2023

### **PERSONAL INFORMATION:**

|                 |   |                         |
