Expertise in NETWORK SUBNETTING IP to each ROUTERS and SWITCHES to perform a smooth flow of network connection and using Elastic Load Balancer to improve network scalability

Identity Asses Management in AWS (IAM)

Experience in providing sufficient asses to USERS by giving accurate POLICIES to each or to GROUPS

Programming Languages

Familiarity with basics of JAVA , PYTHON programming languages to code for AUTOMATE tasks and create CI/CD pipeline to development

EXPERIENCES & INTERNSHIPS

- AWS Cloud Practitioner – Bsoft (Internship) 6 Months
- CCNA – Bsoft (Bangalore) 4 months
- System Support Engineer - Tech4Secure (Calicut) Jan 2023 – Mar 2024
- Technical Support Engineer – Perfect (Calicut) Mar 2022 – Dec 2022
- Java Debugging Expertise – Posibolt (Calicut) Oct 2021 – Jan 2022
- Python Developer - Vitez (Internship) 3 Months

TOOLS

- Amazon Web Service (IAM , EC2 , RDS , CLOUDWATCH , S3 , ELB , Hosting 3 Tier Architecture)
- Cisco Certified Network Associate (Cisco Package Tracker , Using PuTTY , Cisco IOS ,Subnetting)
- JAVA Debugging Expertise (Git/GitHub , Docker , Jenkins , Spring Boot)

EDUCATION

Bachelors in Computer Application
Rabindranath Tagore University

2021 - Pursuing | Online

Diploma in Computer Science
K.G.P.T.C

2018 - 2021 | Kozhikode, India

Higher Secondary
Zamorin's H.S.S

2016 - 2018 | Kozhikode, India
