Projects

Client: US based News Paper- The New York Times

19 Months

Us based news paper The NEW YORK TIMES application which is use for annual subscripton by users for month/year

Client: Wolters Kluwer WK Quizzing Platform

16 Months

- Developed the WK Quizzing Platform for Wolters Kluwer, a highly intuitive and interactive quizzing engine available as part of the LWW Health Library.

- Provided immediate and searchable access to evidence-based textbooks, case studies, multimedia, and self-assessment for medical, pharmacy, and other health sciences educational programs.

- Enhanced the quizzing capability to deliver value to educators and students by moving beyond traditional static quizzing models, resulting in improved engagement and effectiveness with next-generation medical students.
