WORK EXPERIENCE

Business Analyst Intern (Lentra Ai PVT. LTD)

1st July 2024 — 25th Sep2024

- Worked as a BA Intern for the Client Delivery and Platform support teams of **TVS Credit Service** and **Aditya Birla Finance Limited**.
- Requirements Gathering: Worked closely with clients to understand their needs, goals, and challenges.
- Assisted the senior BAs in configuring and customizing the NBFC platform to meet client-specific requirements.
- Ensured the platform supports the financial products and services offered by the NBFC (e.g., loans, credit, etc.).
- Provided platform support by analysing and resolving issues reported by clients.
- Acted as the point of contact for troubleshooting platform-related problems, ensuring quick resolution.
- Worked closely with internal stakeholders such as project managers, IT teams, and product teams to ensure timely delivery of solutions.
- Managed client expectations, timelines, and any escalations related to platform support.
- Analysed platform data and performance to provide insights and reports to the client.
- Used data to recommend improvements or optimizations to enhance the client's experience.
- Gained practical knowledge about Postman API Testing tool, Camunda Modeler, JSON editor, Plant UML, Draw.io, JIRA, etc

Data Analyst Intern

(Padmalaya FPC PVT.LTD)

Aug 2023 — Oct 2023

- Acquired skills in data analysis, data visualisation and statistical analysis.
- Gained knowledge in Power BI and Excel, enhancing database system knowledge.
- Worked on real-world business case studies and problem-solving during training, demonstrating logical thinking.

PROJECTS

- **An Analytical Study on the sales performance of Padmalaya FPC using PowerBi**

The project, "An Analytical Study on the Sales Performance of Farmer Producer Company Using Power BI," aims to analyze and enhance the sales performance of Pamalaya Farmer Producer Company (FPC) by leveraging the data analytics and visualization capabilities of Microsoft Power BI. FPCs play a crucial role in the agriculture sector, facilitating market access for farmers and ensuring the economic well being of rural communities. However, optimizing sales performance is a complex challenge for these organizations.
