Jai Hind High School

2017

Dhule, Maharashtra

Projects

Job Seeking Application | *MERN stack*

- Built a job-seeking platform with the MERN stack to make finding, applying for, and managing job opportunities easier and more efficient.
- Set up secure user login with JWT to keep user data safe.
- Designed a user-friendly, responsive interface using React and Axios for a smooth experience on any device.
- Added features that simplify job searching and application tracking, helping users stay organized and focused on landing their next role.

SAFAR - Travel Log App | *Java, Spring Boot, React.js, MySQL*

- Developed and launched SAFAR, a travel log application using React.js and Spring Boot.
- Implemented RESTful APIs with Spring Boot.
- Managed MySQL database and utilized JPA Hibernate for efficient data persistence.
- Implemented robust exception handling and ensured high application reliability.
