Objective

Experienced C++ MFC Developer with a strong foundation in object-oriented programming and a deep understanding of the Microsoft Foundation Classes (MFC) framework. Proven ability to design, develop, and maintain robust Windows applications, leveraging C++'s capabilities and MFC's rich feature set. Dedicated to delivering high-quality solutions that meet customer needs and drive operational success. Seeking to contribute my expertise to a dynamic team and take on new challenges in software development.

Experience

- Quest Global** Sep 2022 - Current
Software Engineer
 - Developed and maintained C++ applications using the MFC framework, enhancing the performance and reliability of medical device software.
 - Designed, implemented, and tested robust C++ applications, consistently delivering high-quality software solutions that met or exceeded client expectations.
 - Collaborated with cross-functional teams to identify and address customer needs, leading to tailored solutions that improved user satisfaction.
 - Proactively debugged and resolved complex issues, reducing bug reports through efficient problem-solving and testing methodologies.

Education

- Kamaraj College of Engineering And Technology** 2022
BE-Electronics And Communication Engineering
7.41

Skills

- Programming language: C++
- Framework: MFC
- Tools: Visual Studio, ClearCase
- Software Development: Debugging, Testing, Version Control
- Problem-Solving: Analytical Thinking, Troubleshooting

Projects

- Patient Management System**
Developed using C++ and MFC
 - Led the design and implementation of a Patient Management System that streamlined administrative tasks, resulting in a 25% improvement in operational efficiency in a healthcare setting.
 - Utilized MFC to create a user-friendly interface that enhanced patient care management and reduced processing time.
 - Collaborated with healthcare professionals to ensure the system met all regulatory requirements and user needs.

Achievements & Awards

- "On-the-Fly Award" - Recognized for exceptional performance and dedication to meeting customer needs throughout the project.

Languages

- Tamil: Native Proficiency
- English: Professional Proficiency
