

Main Market,Kakod Tonk,Rajasthan , Pin Code(304024)	Hemlata Chhajer	+917742495131 HEMLATACHHAJED20@GMAIL.COM
EMPLOYMENT		
Senior Engineer	Samsung Research Institute,Bengaluru	Oct 2021-Current
Module Lead	Logic Fruit Technologies Pvt Ltd,Gurgaon	Apr 2021-Oct 2021
Research and Development Software Engineer	Logic Fruit Technologies Pvt Ltd,Bengaluru	May 2019-March 2021
- Working on 5G NR MAC Layer for UL network team in which implementation of UL MAC layer algorithms involved and Mostly worked on different types of NR UL algorithms like : UL RLF,RNTI, RSR, LayerPooling,AOA,ULLA, Coding in C/C++ and build platform Linux and Perforce is used. - Worked on 5G PHY Layer on Signal Analysis and implemented uplink Shared Channel,Control Channel in C++,Python. Matlab is used for debugging and 5G algorithms Demodulation,Extraction,Estimation,Equalization and Decoding is used for analysis and Jupyter notebook is used for visualization. - Worked on different drivers :Keypad Interfacing(CY8CMBR3116), Camera Interfacing(OV7670) , Battery Authentication(1 wire Master-DS2465) using Protocols I2C,1 Wire,Uart on K82F MCU and IAR Workbench.		
Internship	Airport Authority Of India,Jaipur,Rajasthan	May2018-July 2018
It involves the understanding of the Communication ,Navigation and Surveillance(CNS) Department at the Airport.		
EDUCATION		
Great Lakes Executive Learning	Online Platform	July 2023 – July 2024
- Post Graduation Program In Artificial Intelligence and Machine Learning, July 2024. - Coursework: Python Learning; Applied Statistics; Supervised & UnSupervised Learning;EDA;EnsembleTechniques;Model Selection;NLP;Computer Vision;		
Malaviya National Institute of Technology	Jaipur,Rajasthan	Fall 2015 – May 2019
- Bachelor Of Technology in Electronics and Communication, May 2019. CGPA: 8.25. - Undergraduate Coursework: Operating Systems; Databases; Algorithms; Programming Languages; Computer Architecture;Microprocessors;Artificial Intelligence;FPGA.		
New Public senior secondary school	kota,Rajasthan	Jul 2013-May2014
Class XII (RBSE) Passout in Science and Math, March 2014. Percentage: 86%.		
Saraswati Vidhya Niketan secondary school	Kakor,Tonk,Rajasthan	July2011-May2012
Class X (RBSE) Passout , March 2012. Percentage : 91.5%.		
TECHNICAL EXPERIENCE		
Toxic Comment Classification (2023-2024).Developed a machine learning model to automatically identify toxic comments in online Text data. Model Logistic Regression and svm performed better (High F1 score and Less Hamming loss) as compared to other models and as hamming loss for logistic Regression Model is less, chosen this. 5G Signal Analysis Project (2019-2021). 5G Signal Analysis in which data is shared on Synchronization channel and controls are passed through Control channel,Using Demodulation,channel Estimation,Extraction , Equalization , and Decoding algorithms regenerate the transmitted data at receiver side, Jupyter notebook is used for GUI and Visualization of received data. 5G,Python,Matlab,Visual Studio,Jupyter Notebook. Access Control Management Project (2019). Driver Development : Keypad Interfacing(CY8CMBR3116), Camera Interfacing(OV7670) , Battery Authentication(1 wire Master-DS2465). I2C,1 wire,Uart,K82F MCU,IAR Workbench. B.Tech Project (2019). FPGA Implementation of multivariate support vector machines. Python,Verilog, Xilinx ISE design suite.		

ADDITIONAL CERTIFICATES AND AWARDS

- **Best Employee Award : Logic Fruit Technologies Pvt Ltd** : Got Best Employee Award in the Software Department [Mar 2021].
- **May2020-June2020 : Upgrad Certified** : Taught Preparatory course for Data Scientist, Python for data science, Data Visualization in python, IMDb Movie Data Visualization with 9 CGPA out of 10.
- **EX407** Red Hat Certified Specialist in **Ansible Automation** Exam (Marks 286/300) [2018].
- **All India Rank 5476 in Joint Entrance Examination (JEE) Mains.** (1.4 million Candidates appeared for JEE Mains, 2015) and scored 213 out of 360 marks.

LANGUAGES AND TECHNOLOGIES

- C++; C; Python; Matlab; SQL; Verilog
- Visual Studio; Matlab; Jupyter Notebook; Microsoft Excel; Xilinx Vivado; TeraTerm VT; IAR Workbench; Collab
- DSA; 5G; AI; ML;
- Perforce; Git; JIRA;
- Windows; Linux;
- Unit Testing; Block Testing; Merge;
