## Objective

Dedicated cloud computing professional with expertise in Linux systems, cloud infrastructure, and troubleshooting. I aim to join Amazon Web Services as a Support Engineer to leverage my hands-on experience in AWS and Azure, contribute to solving mission-critical problems, and deliver world-class customer support while growing within a collaborative and innovative environment.

## Education

**B.Tech in Electrical and Electronics Engineering** 2020–2024

Cochin University of Science and Technology

- CGPA: 8.83

**Skill Diploma in Cloud Computing** 2024

TechnoDot Academy

- Training in AWS, Azure, Linux OS, Networking, and Web Deployment

## Technical Skills

- **Cloud Platforms:** AWS (EC2, S3, IAM), Microsoft Azure, Google Workspace
- **Operating Systems:** Linux (Ubuntu, CentOS), Windows Server
- **Networking:** TCP/IP, DNS, Routing, Switching
- **Scripting:** PowerShell, Bash
- **Tools:** Active Directory, cPanel, VMware, VirtualBox
- **Other Skills:** Troubleshooting, Documentation, Technical Support, C, Python

## Cloud Projects

- **AWS Linux Server Deployment:** Deployed and optimized a website on AWS Linux Server, improving server performance by 20% and ensuring adherence to security best practices.
- **Virtualization and Cloud Infrastructure Setup:** Configured Ubuntu GUI virtual machines using VMware for efficient resource management in cloud environments.
- **cPanel Installation and Multi-Website Hosting:** Installed and managed cPanel on Linux servers to host multiple websites, implementing integrated databases and user authentication systems.

## Experience

**Cloud Intern** TechnoDot Academy, 2024

- Administered cloud infrastructure using AWS and Azure platforms, managing virtual machines and cloud storage.
- Configured and maintained Windows Servers and Active Directory to enhance network security.
- Deployed websites using Linux servers, ensuring 99.9% uptime and seamless performance.
- Resolved technical issues by analyzing logs, conducting root-cause analysis, and implementing scalable solutions.
- Developed technical documentation and SOPs for cloud-related deployments and troubleshooting.

## **Certifications & Training**

- **Skill Diploma in Cloud Computing**, TechnoDot Academy, 2024 - **AWS Fundamentals** (On going Self-Learning) - Ongoing learning in Networking and DevOps tools.

## **Achievements**

- Successfully hosted 5+ websites on AWS and Linux platforms, demonstrating expertise in deployment and cloud management. - Contributed to reducing server setup time by 30% during internship through process automation. - Recognized as an active contributor to cloud-related initiatives at TechnoDot Academy.

## **Leadership and Activities**

- Executive Member, Electrical and Electronics Students Association (EESA)
- Member, National Service Scheme (NSS) with 4 years of experience
- Member, TEDx CUSAT and Indian Green Building Council (IGBC)

## **Languages**

English (Fluent), Malayalam (Fluent),Hindi(Fluent)
