

ISHA GAJANAN SHERAKAR

Bangalore, India

📞 (+91)7558255449 ✉ ishasherekar@gmail.com [in LinkedIn-Profile](#)

TECHNICAL SKILLS

Languages: Python, PostgreSQL

Tools: Power BI, Tableau, Skywise Palantir foundry.

Python Libraries: PySpark, Pandas, NumPy, Matplotlib.

Data Analysis Skills: Data Analysis, Data Visualization, Dashboard Development, Data Transformation, Big Data Processing, ETL.

PROFESSIONAL OBJECTIVES

To achieve the challenging position in a dynamic and growing organization, where my qualifications, skills and. abilities would be of value and which provides opportunities for me and also to learn interesting technologies, which make me to see myself in a responsible and leading position

PROFESSIONAL EXPERIENCE

L&T Technology Services (LTTS)

Bangalore, India

Engineer

Dec 2022 – Present

Data Availability Dashboard for Aircraft Fleet- Client Airbus

- Implemented the improved analytics solution to enhance business decision-making.
- Analyzed and optimized code to enhance data precision for specific aircraft models
- Transform raw dataset of millions of aircraft records using PySpark.
- Enhanced dashboards by seamlessly integrating new aircraft data with existing features.

A350 MDCCD- Client Airbus

- Conducted extensive data analysis on the Skywise platform to extract valuable insights and optimize operational efficiency.
- Transform large-scale raw data into actionable insights.
- Developed Slate dashboards and manage datasets, improving intelligence and visual appeal of client reports.
- Conducted statistical analysis to identify and remediate anomalies in data, ensuring alignment with business goals.
- Transform large datasets into actionable insights, leading to a 25% improvement in data accuracy and anomaly detection alignment with business objectives.
- Collaborated with stakeholders to ensure that data solutions aligned with business objectives.

L&T Technology Services (LTTS)

Mysore, India

Associate Engineer

- Completed a comprehensive 3-month Genesis training program, focusing on data analysis, SQL, and Skywise Palantir tool.
- Skywise Analytical Tools including Slate, code Repository, code Workbook, contour, Quiver in managing and analyzing data in complex aviation environment.
- Acquired hands-on experience with tools and technologies such as SQL, PySpark, and Power BI.
- Developed applications for the LTTS Skywise AppStore, including Maintenance Control Center and Fleet and Fuel Performance dashboards.

COURSES AND CERTIFICATION

Data Science Certificate - (Top Mentors)

April 2024 - Sep 2024

PowerBI Certificate - (Top Mentors)

Tableau Certificate - (Top Mentors)

Foundry Foundations – (Palantir)

EDUCATION

Sant Gadge Baba Amravati University

Aug 2018 – Aug 2022

Bachelor of Technology in Computer Science, GPA: 9.3/10.0
