EDUCATION

- M. TECH (Computer Science and Engineering (Machine Learning) (2014-2016)**
AMRITA VISHWA VIDYAPEETHAM
- B. TECH (Computer Science and Engineering) (2010 - 2014)**
AMRITA VISHWA VIDYAPEETHAM

TECHNICAL SKILLS

- Programming: Python, JavaScript C, C++, HTML/CSS
- RPA: UiPath, Jiffy.ai, Selenium, TestNG
- PostgreSQL, MySQL
- Process Optimization and Workflow Design
- Automation Bot Development
- Data Handling and Transformation
- Software Testing and Debugging
- Agile Project Management
- System Integration and APIs

SOFT SKILLS

- Analytical Thinking
- Effective Communication
- Client Training
- Time Management
- Adaptability

ACHIEVEMENTS

- Qualified National eligibility Test (NTA- NET) 2022 for Teaching
- Published technical paper in 2016, An FSM based Methodology for Interleaved and concurrent Activity Recognition, ICACCI'16, J. Kavya and M. Geetha, 2016, 994-999, 10.1109/ICACCI.2016.7732174

LANGUAGES

- English
- Malayalam

PROFESSIONAL SUMMARY

Experienced RPA Consultant with expertise in designing, developing, and deploying automation solutions across financial, logistics, and banking domains. Proficient in Python, JavaScript, and familiar with Selenium, leveraging these skills to create efficient, maintainable, and scalable automated workflows using leading RPA tools like UiPath and Jiffy.ai. Skilled in managing end-to-end RPA implementations, including process configuration, documentation of best practices, testing, and deployment.

WORK EXPERIENCE

RPA CONSULTANT (2021-2024) JIFFY (PAANINI INNOVATIONS)

- Developed and deployed automation solutions using UiPath, Python, JavaScript, and Selenium
- Conducted process analysis, mapping, and optimization to identify automation opportunities.
- Monitored and troubleshooted bot performance and workflows, ensuring operational reliability and scalability.
- Delivered end-user training and collaborated with cross-functional teams to achieve seamless RPA integration.
- Automated repetitive tasks, enabling data processing, extraction, and transformation for improved accuracy and efficiency.
- Created and maintained comprehensive process documentation, test cases, and workflow diagrams.
- Enhanced compliance by integrating data security measures and adhering to industry best practices.
- Utilized agile methodologies to manage and deliver projects on time, meeting stakeholder expectations.

LECTURER (2018-2020) NSS POLYTECHNIC COLLEGE

- Designed and delivered lectures tailored to curriculum requirements and student needs.
- Mentored students on projects, exams, and skill development initiatives.
- Organized workshops and practical sessions to encourage hands-on learning.
- Evaluated student performance through assessments and provided actionable feedback.
- Updated curriculum with the latest industry trends to maintain relevance.

TEACHING ASSISTANT (2016-2017) AMRITA VISHWA VIDYAPEETHAM

- Conducted programming classes and hands-on sessions for competitive coding preparation.
- Provided personalized guidance to students, enhancing their problem-solving skills.
- Assisted in managing programming labs and creating educational materials.
- Organized coding challenges and mock contests to boost student engagement.
- Supported faculty by preparing technical resources and facilitating lectures.
