

Karan R Data Analyst

Coimbatore - Tamil Nadu | 6383883376 | Mail/Karan | [linkedin.com/in/karanr/](https://www.linkedin.com/in/karanr/)

PROFESSIONAL SUMMARY

Highly motivated and results-driven Data Analyst with 3.2 years of experience in analyzing and interpreting data to drive business insights and strategic decision-making. Skilled in leveraging industry-leading analytics visualization tools, statistical methods, and data modeling to shape the vision and strategy of customer-facing products. Passionate, focused, and strong expertise in scripting languages with a proven track record of delivering high-impact projects in a fast-paced environment.

EXPERIENCE

INFOSYS LIMITED SYSTEMS ENGINEER | JUL 2021 – AUG 2024

- Lead the vision and strategy for quality improvement through global address management programs, owning customer-facing products crucial to the overall customer experience.
- Collaborate with product and technology teams to define and execute innovative and delightful customer experiences, continuously raising the bar for quality and performance.
- Streamlined the reporting process by developing SQL queries, resulting in a 30% reduction in report generation time and enabling faster decision-making.
- Develop and implement processes to efficiently disseminate project information to stakeholders, ensuring effective communication, project management, and growth.
- Created interactive dashboards using PowerBI that provided real-time insights into delivery performance metrics, enabling stakeholders to make data-driven decisions and identify areas for improvement.
- Optimized last-mile delivery routing algorithms, leading to a 25% reduction in delivery time and cost, contributing to the organization.

EDUCATION

SRI KRISHNA ARTS & SCIENCE COLLEGE B.SC Computer Science and Applications

CGPA:7,5

SKILLS

- **Data Analysis:** Proficient in analyzing quantitative and qualitative data using tools like PL and SQL.
- **Analytics Visualization:** Experience with industry analytics visualization tools such as Excel, Tableau, and PowerBI.
- **Scripting Languages:** Technical proficiency in Python and R for data manipulation and analysis.
- **Data Modeling:** Knowledge of data modeling and data pipeline design to facilitate data-driven decision-making.
- **Project Management:** Demonstrated ability to prioritize tasks, lead cross-functional teams, and deliver high-impact projects.
- **Communication:** Excellent verbal and written communication skills to effectively convey complex findings and insights.
- **Leadership:** Strong leadership skills, leading by example, and driving the success of the Operations leadership team.

CERTIFICATIONS

- Infosys Certified Microsoft Power BI Developer
- Infosys Global Agile Developer Certification

PROJECTS DEVELOPED

- **Predicting Customer Churn for a Subscription Service:** Customer churn is a major problem for subscription services. By identifying customers who are at risk of churning, companies can take steps to retain them.
